## Foreword

The current issue of the "Statistical Diary, Uttar Pradesh, 2015" is the forty eighth in the series, published by the Economics and Statistics Division, Uttar Pradesh since 1968.

The publication provides the latest data regarding the development of the State in the socio-economic sectors. In this publication the published state and national level data have been obtained from the respective departments/agencies of the State Government and Government of India respectively. To facilitate the comparative study of the State most of the tables of the publication contain data for the past years also. Explanatory notes regarding limitations of the published data have been provided at the end of the publication.

I express my gratitude for the continued and generous co-operation extended by the concern departments and organisations in bringing out this publication. I would also like to extend my appreciation to all the officers and staff of the Economics and Statistics Division who have contributed in compiling this Hand book.

I am confident the publication would be useful to planners, policy-makers, research workers and the academicians. The department is eager for continuous improvement in the quality of publication. Suggestions from the users for further improvement will, therefore, be gratefully accepted.
