Dear Shri Anil Bairwal,

This has reference to your letter No. ADR/RTI/BJP/01/10/29/2010 dated 29.10.2010 seeking information under RTI Act, 2005.

It is very important to mention here that NCP is a non-government organization. Hence, we do not have much more resources nor surplus staff to expedite unusual work, which is not in our routine job.

We generate funds from the membership drive and through other resources also, i.e., voluntary contributions from the well-wishers, and followers etc. State units of NCP have major role in membership drive from which we are getting funds in lakhs. State units of NCP at district level, block level and panchayat level organize membership camps frequently and every two years, we file the details regarding our membership and all necessary requisites in Election Commission and other government authorities.

However, I would like to inform you that ours is a National Party duly recognized by Election Commission of India and that from the day of inception of our party, we have been regularly filing our returns to the Income Tax authorities and also to the Election Commission of India along with whatever voluntary contributions received. It is pertinent to mention here that our all obligation towards authorities are up to date.

If you feel like, you may collect all the information you desired, from the above said authorities.

In case you want any clarification, please feel free to contact us.

Yours sincerely,

(Chandan Bose)
