During and after Covid, NREGA work has been the lifeline for more than 70 percent of the country's population, when the cities sent back the migrants, it was NREGA that gave them the life of dignity in the rural areas. Many economists have also said that MGNREGA has continued to be the only lifeline for rural workers—one that provides work and cash—in times of need and distress. This money helped to create the purchasing power in the society which helped the economy recover.

A dharna is being planned by NREGA Sangharsh Morcha, a national platform of organisations and individuals agitating for the entitlements of the Employment Guarantee Act on 2- 4 August. Thousands of NREGA workers from 18 states and their supporters will gather at Jantar Mantar to demand the Government of India to allow them to live a life of dignity as per the Constitution of this country. Their immediate specific demands are the timely release of NREGA funds including the Rs10,000 crores pending wages. The full range of NREGA Sangharsh Morcha's demands is articulated in the attached charter of demands.

You are cordially invited for the dharna and we request your support and solidarity for the protest.

देरी बंद करो, चोरी बंद करो ! सही समय पर पूरा काम, सही समय पर पूरा दाम !
