DISCLAIMER

Though all the efforts have been made to ensure the accuracy and currency of the content on this report, the same should not be construed as a statement of law or used for any legal purposes. In case of any ambiguity or doubts, users are advised to verify/check with the appropriate Government Functionary/Authority and/or other source(s) and to obtain appropriate professional advice. This Report is based on voluntary uploading of data by the schools having active UDISE+ codes in a reference year, with 30thSeptember as the reference date, using specially designed data collection formats (DCF).The UDISE+ code of a school is allotted by the State/UT Government where the school is located. The responsibility for the accuracy of the data filled in the DCFs rests with the concerned Nodal Officers, namely Principal/ Vice-Principal/ Head Master/ Head Teacher/ Senior most teacher at the school level, Cluster Resource Officer at the cluster level, Block Education Officer for the block level, District Education Officer at the district level and the SPD of Samagra Shiksha at the State level. The Ministry of Education, therefore, assumes no responsibility or liability for any errors or omissions in the data and indicators reported in the document. Inclusion of name of a school in any of the lists in the portal <http://udiseplus.gov.in> or any of the reports generated in the portal does not confer the status of recognition to the school by the Ministry of Education, Govt. of India.

Key Results - All-India

UNIFIED DISTRICT INFORMATION SYSTEM FOR EDUCATION PLUS (UDISE+) 2020-21

KEY RESULTS – ALL INDIA

1. INTRODUCTION:

- 1.1. The Indian school Education System is one of the largest in the world with nearly 14.89 lakh schools, more than 95 lakh teachers and nearly 26.52 Crore students¹ of pre-primary to higher secondary level from varied socio-economic backgrounds. The system strives to maintain standards and uniformity across the country while giving ample scope for the country's diverse culture and heritage to grow and flourish.
- 1.2. A robust, up to date and credible information collection mechanism is an essential prerequisite for an objective evaluation of the system, based on which specific interventions for improvement can be designed. In early 1990s, as part of the District Primary Education Programme (DPEP) national endeavour, a school based computerized information system was designed and developed. Education Management information System (EMIS), called the District Information System for Education (DISE) was created for classes 1 to 5 for planning and monitoring the DPEP over 42 districts in 7 selected States. Over the years, this was expanded to cover the entire elementary education system in India. In 2008-09, with the introduction of the Rashtriya Madhyamik Shiksha Abhiyan (RMSA), a separate and dedicated Secondary Education Management Information System (SEMIS) was started for classes 9 to 12. Subsequently, in 2012-13, the Unified District Information System for Education (UDISE) was launched by integrating the DISE and SEMIS. The UDISE system thereafter became the only source of data for the school education system with respect to schools, teachers and student enrolment. Under the UDISE system, the schools used to feed the data manually at the school level in paper version of the Data Capture Format (DCF) with reference date of 30th September of each year. Thus, UDISE used to provide school-wise data on school particulars, enrolment, physical infrastructure, teacher, etc. These paper DCFs used to be computerized at block level or at district level, collated at State/UT level and thereafter shared with the Central Government to build a national database.
- 1.3. With an aim to overcome the limitations of the UDISE system, the Department of School Education Literacy (DoSEL) has developed the UDISE+ system with many unique features and introduced it from the reference year 2018-19. Improvements have been made particularly in the areas related to data capture, data mapping and data verification. Following field trials conducted in the schools and on the basis of their inputs, the questions in the DCF have been redesigned so that they are simpler

¹ Number of schools, teachers and students are from UDISE+ 2021-22. Pre-primary enrolment mentioned in this report excludes pre-primary enrolment in ECCE centres of Anganwadi and private kindergartens, as these are not a part of UDISE+.

and easier to understand. New questions have been included like pre-primary education, sports equipment's, library books, ICT, school safety etc. Different types of DCFs have been prepared for different categories of schools, namely, primary, upper-primary, secondary and higher secondary. The schools need to respond only to that part of DCF which is relevant for them. To enable real time exchange of information, online uploading of UDISE+ data has been made mandatory from 2018-19. The uploading is done either at school level or at the block level. Inbuilt validation checks are part of the software. A certificate on correctness of data from the head of school and the Cluster Resource Coordinator has been made a part of the DCF. To eliminate the problems related to coordination, supervision, monitoring and security of the UDISE+ data, it is hosted in the server of the National Informatics Centre (NIC) and has been brought under the overall monitoring and supervision of the DoSEL. The security of the data has been ensured through this step. Further, a dedicated group of personnel look into all technical aspects of the software and handle the queries from States and UTs. NIC provides web services to those States/ UTs which have their own MIS, so that they can upload their data on the UDISE+ portal seamlessly. Regular liaison with the concerned departments in the States/ UTs is also done by the DoSEL to resolve any outstanding issues in this regard. By the time of closing UDISE+ 2021-22 data entry, all States /UTs except Delhi, Tamil Nadu, Telangana and West Bengal are directly feeding data into UDISE+ portal of DoSE&L and these four States maintains their own MIS and provides bulk data link to UDISE+ portal of DoSE&L.

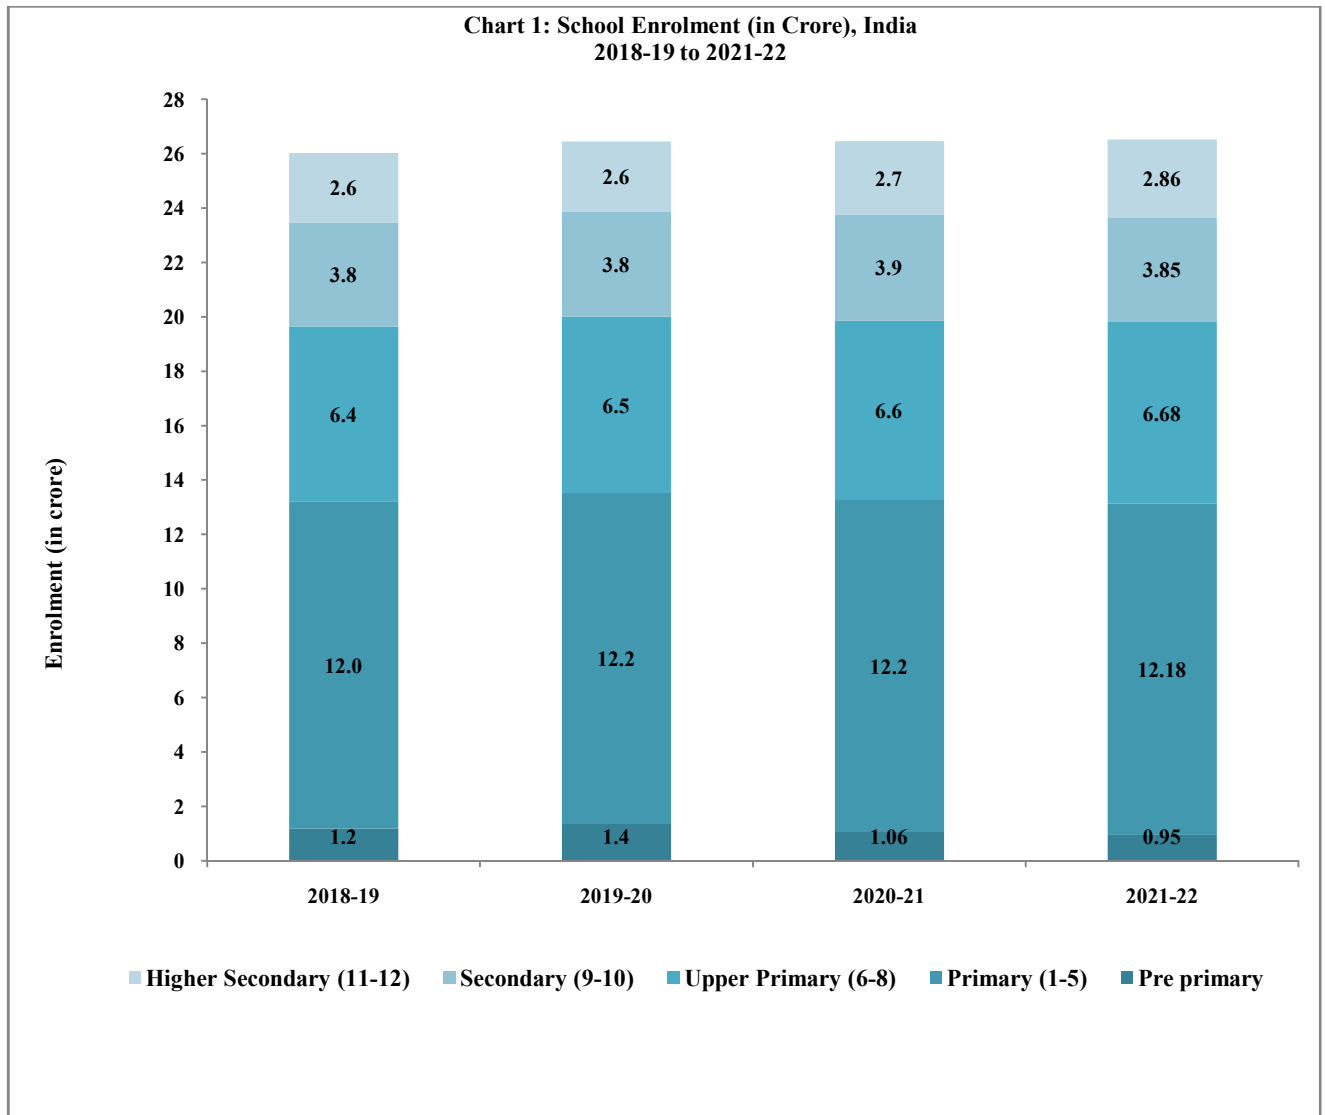

The present publication relates to UDISE+ data for the reference year 2021-22. This year's UDISE+ captured additional details on important key performance indicators. Some of the salient results at all-India level are given in the following paragraphs. This is followed by detailed tables at the all-India and State/UT level for the most used indicators based on the UDISE+ data. More than 100 such reports for all the years 2012-13 to 2021-22 have also been made available in the website of UDISE+ developed for disseminating this data in [the link http://www.education.gov.in/hi/statistics-new?shs_term_node_tid_depth=394&Apply=Apply](http://www.education.gov.in/hi/statistics-new?shs_term_node_tid_depth=394&Apply=Apply) and <https://udiseplus.gov.in/#/Publication> UDISE+ Reports.

2. Summary findings of UDISE+ 2021-22 – all India

2.1. Enrolment of students

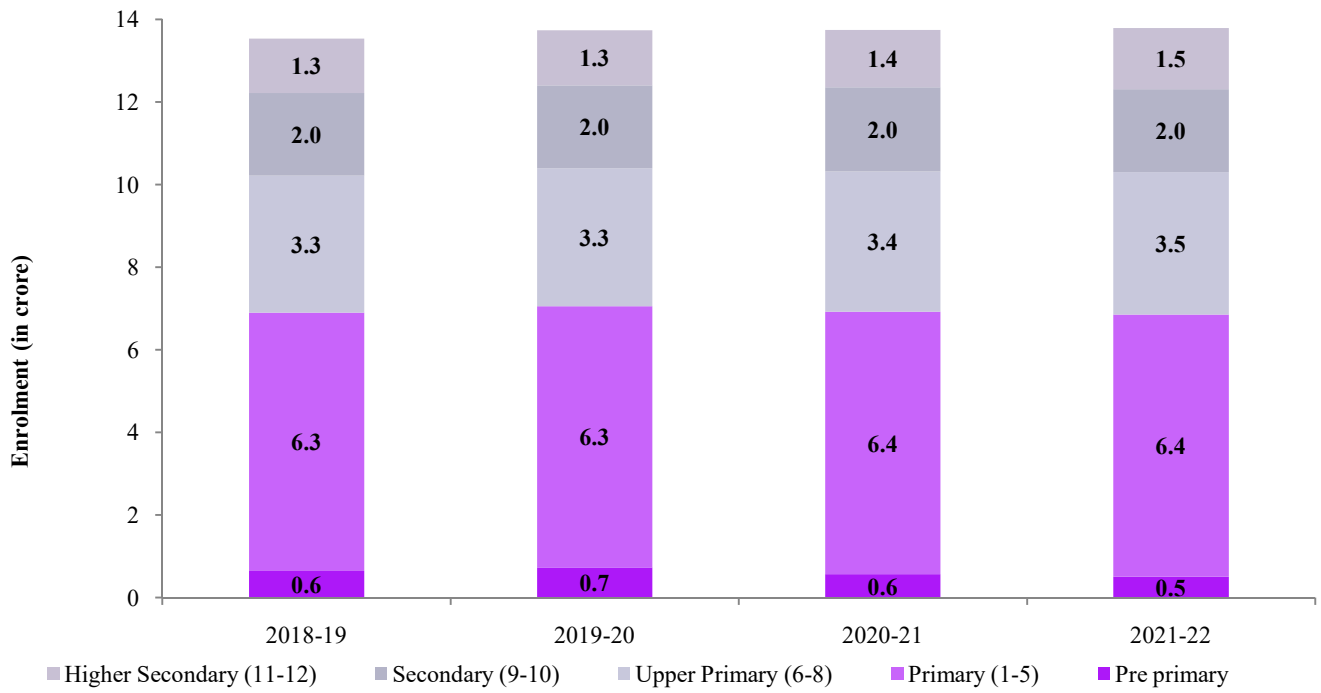

- 2.1.1. The total enrolments and enrolments of boys and girls for the years 2018-19 to 2021-22 for different levels of education namely, pre-primary, primary, upper primary, secondary and higher secondary are given in Charts 1 to 3 below. It may be noted that the pre-primary data contained in the UDISE+ system does not include the pre-primary enrolment of the Early Childhood Care and Education (ECCE) system run by the Ministry of Women and Child Welfare through the Anganwadi Centers and standalone pre-primary education centers run by different kindergartens. It covers only the enrolment in pre-primary classes of different categories of schools. Total enrolment

in schools (Class 1 to 12) has increased by 0.76 % in 2021-22 as compared to 2020-21.

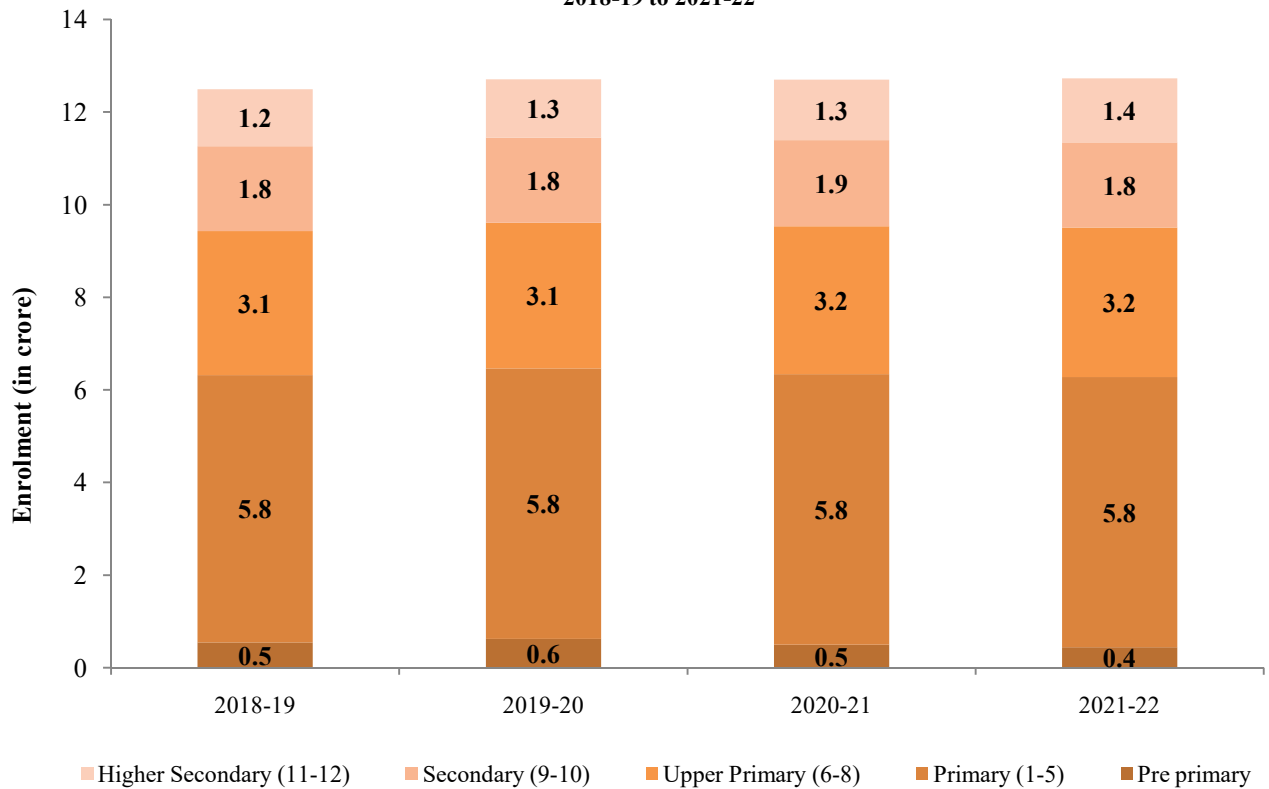

2.1.2. The total enrolment in 2021-22 from primary to higher secondary levels of school education was a little over 25.57 Crore. Enrolment for boys was 13.28 Crore and that of the girls was 12.28 Crore. This was an increase by more than 19 lakhs over 2020-21. Many of the primary schools under the UDISE+ system had pre-primary classes. Total enrolment of all the schools in the UDISE+ system from pre-primary to higher secondary, have crossed 26.52 Crore in 2021-22. At the levels of upper primary, secondary and higher secondary, school enrolment has increased, showing an improvement in the ability of the system to retain more and more children in the system of school education over time. Charts 2 and 3 show the improvement in enrolment of both boys and girls at various levels of education.

**Chart 2: Enrolment of boys (in Crore), India
2018-19 to 2021-22**

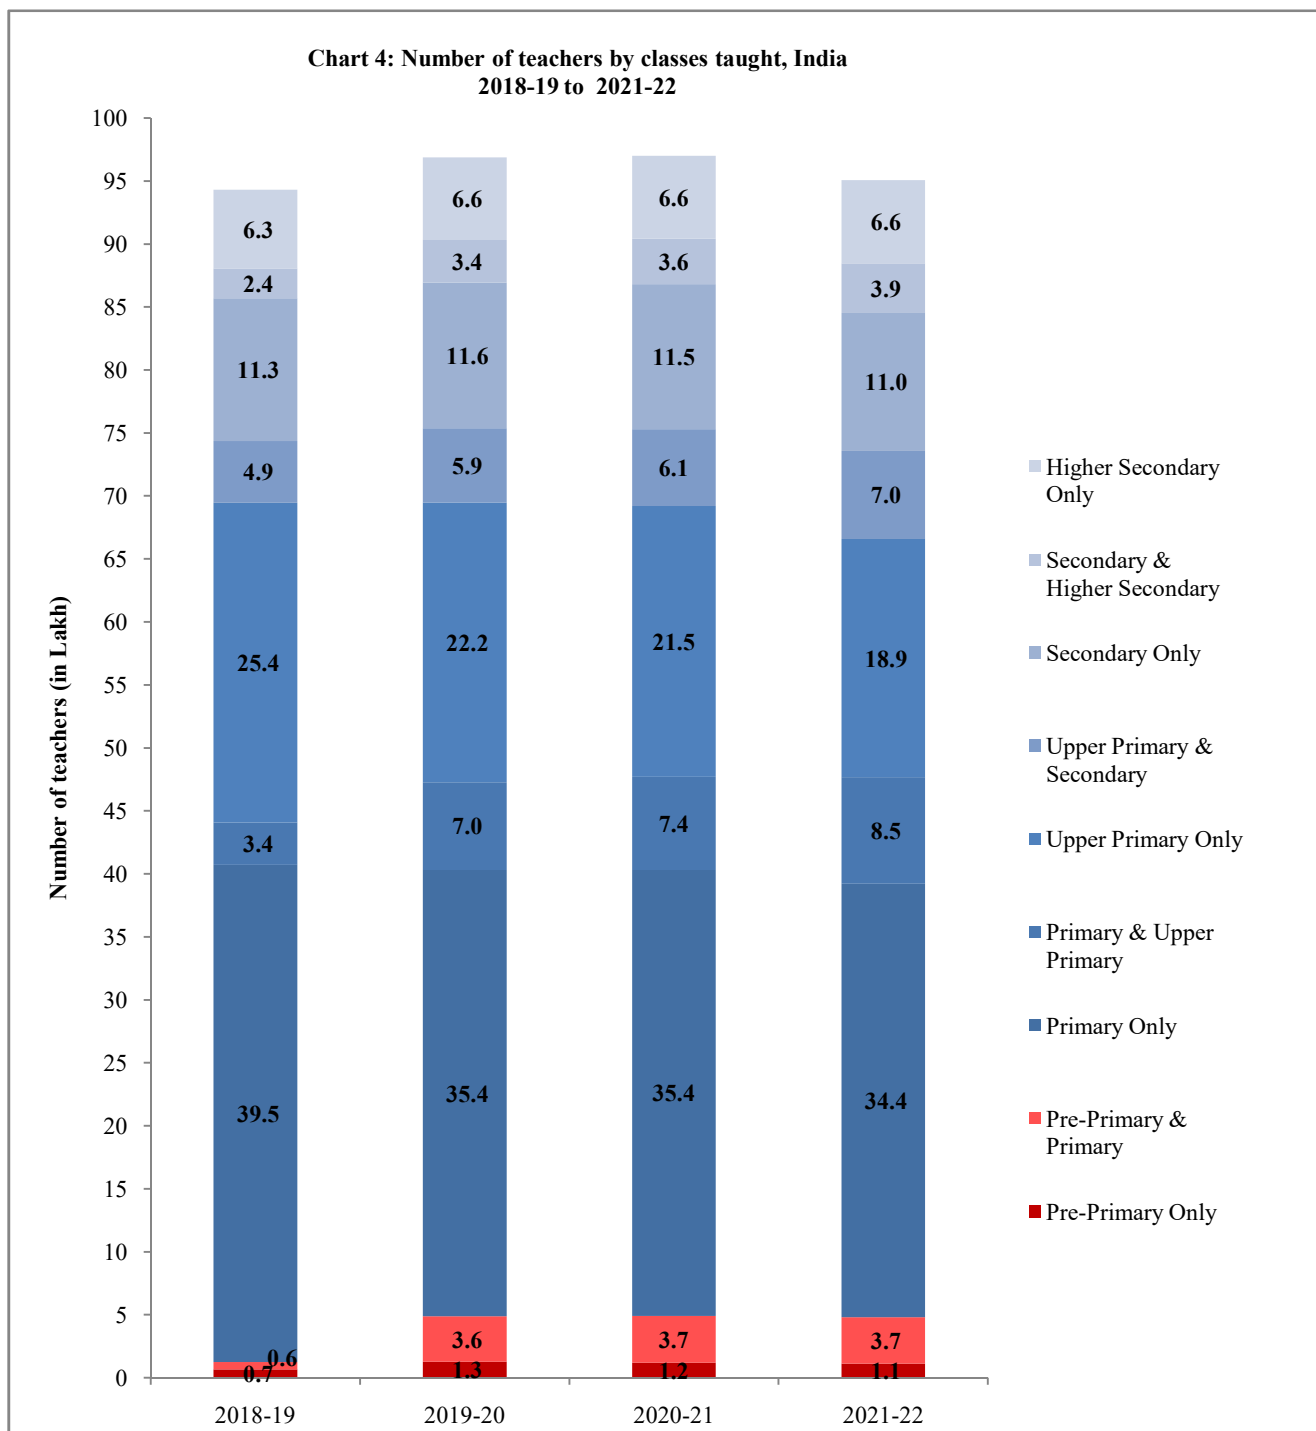

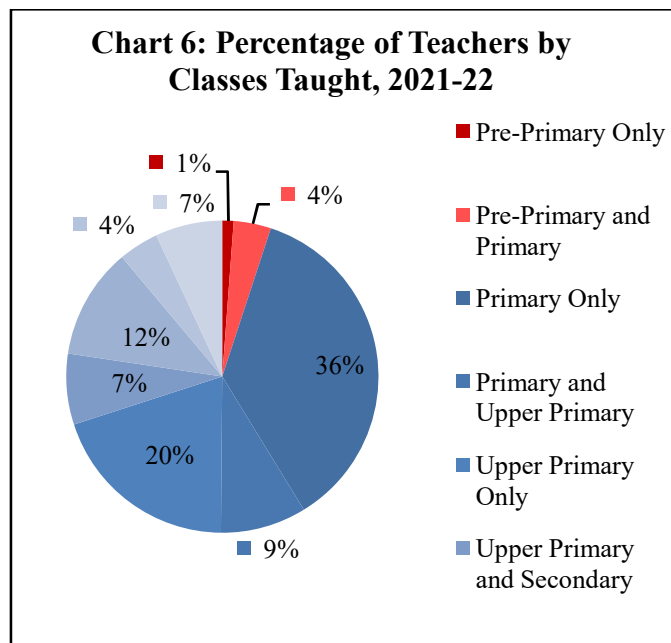

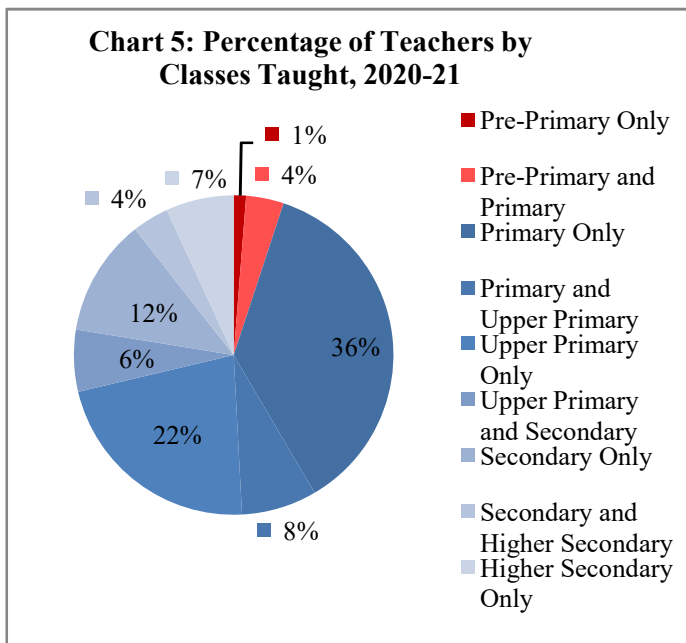

**Chart 3: Enrolment of girls (in Crore), India
2018-19 to 2021-22**

2.2. Number of teachers

2.2.1. The total number of teachers has declined by 1.95 % in 2021-22 compared to 2020-21. Chart 4 shows the number of teachers by classes taught while Charts 5 and 6 show the share of different levels of education in total teachers in these two years. Total number of teachers in 2021-22 was 95.07 lakh, decreased from 97.87 lakh in 2020-21. The decrease in teachers during 2021-22 vis-à-vis 2020-21 was 0.9% in Government schools, 1.45% in Government Aided Schools, 2.94 % in Private School and 8.3 % in Other schools.

2.2.2. The percentage of teachers teaching only primary (34.4 % in 2021-22 from 35.4% in 2020-21) and only upper primary (18.9% in 2021-22 from 21.5% in 2020-21) has reduced. This reduction in share has been compensated to some extent by the levels primary and upper primary (7.4% in 2021-22, from 8.5% in 2020-21), upper primary and secondary (7.0% in 2021-22, from 6.1% in 2020-21) and secondary and higher secondary (3.6% in 2021-22 from 3.9% in 2020-21).

2.2.3. Charts 7 and 8 depict the number and percentage of teachers by gender, combining all the classes taught during 2018-19 to 2021-22. There were 47.1 lakh female teachers in 2018-19, which has gone up to 48.77 lakh in 2021-22. On the other, there were 47.2 lakh male teachers in 2018-19, which has decreased to 46.3 lakh in 2021-22. Thus, as can be seen from Chart 8, in 2021-22, again the participation of females in school teaching is more than that of males in the lower levels. However, from upper primary level onwards, number of male teachers is more than number of female teachers, as can be seen from Chart 9.

2.3. Growth of teaching and non-teaching staff

2.3.1. The number of teaching and non-teaching staffs has improved over the years. Total teachers in 2018-19 was 94.3 lakhs which increased to 95.07 lakh in the year 2021-22.

2.3.2. The number of non-teaching staffs has also improved during 2018-19, 2019-20, 2020-21 and 2021-22. Total non-teaching staffs during 2021-22 stood at 15.19 lakh as compared to 12.37 lakh in 2018-19.

Chart 7: Number of teachers (in lakh) by gender, all India 2018-19 to 2021-22

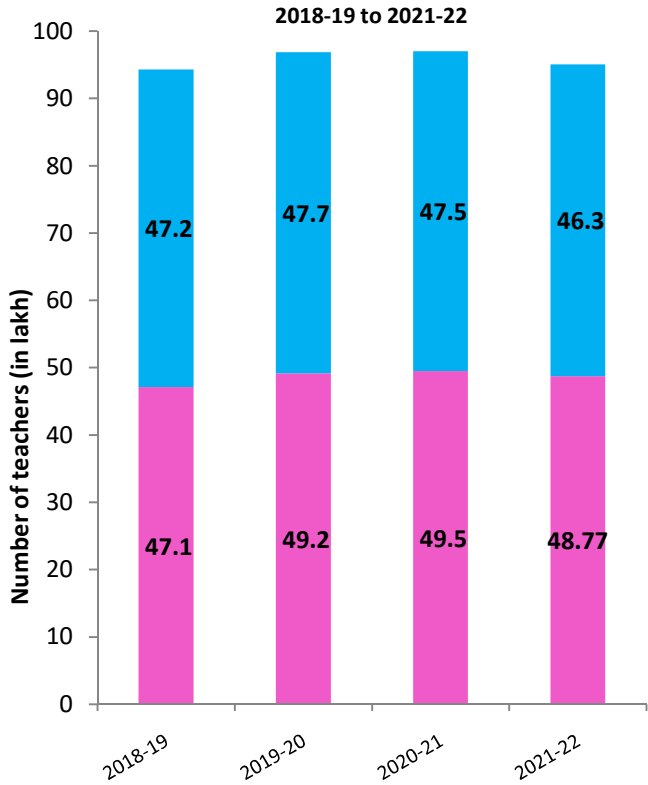

Chart 8: Percentage of teachers by gender, all India 2018-19 to 2021-22

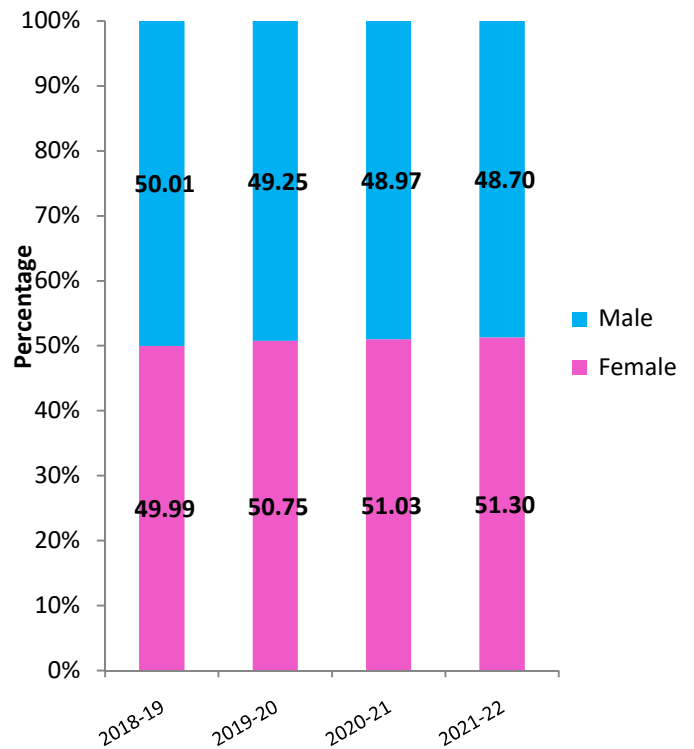

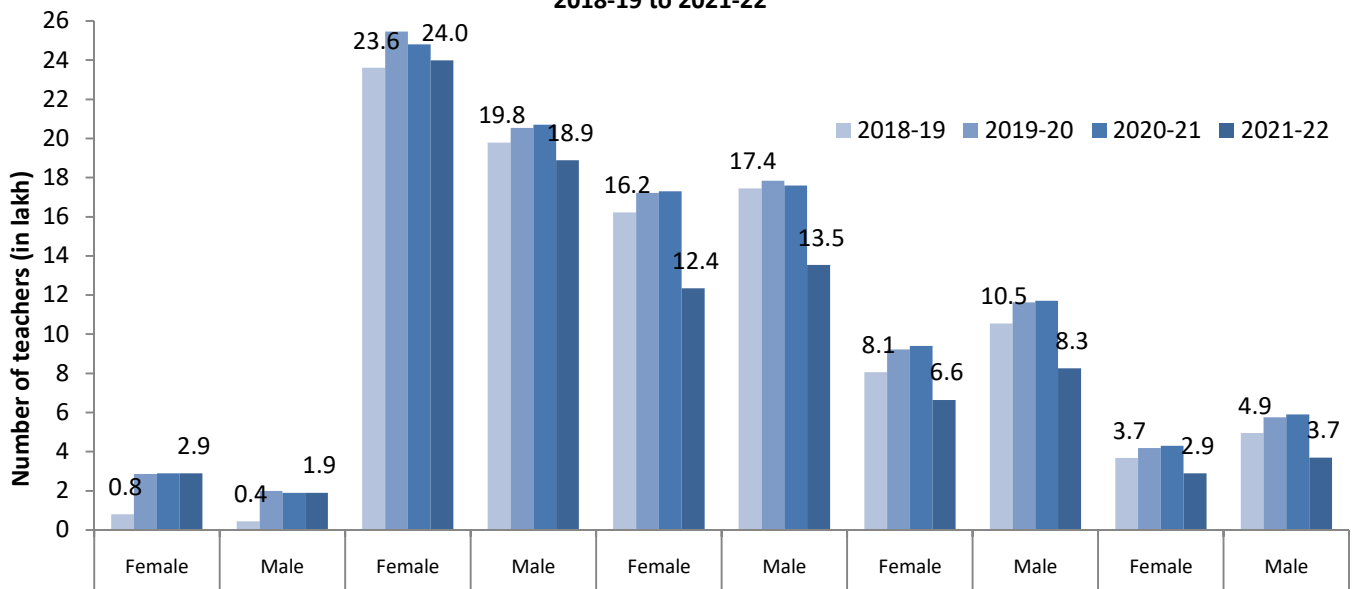

Chart 9: Number of teachers (in lakh) by classes taught and gender, all India 2018-19 to 2021-22

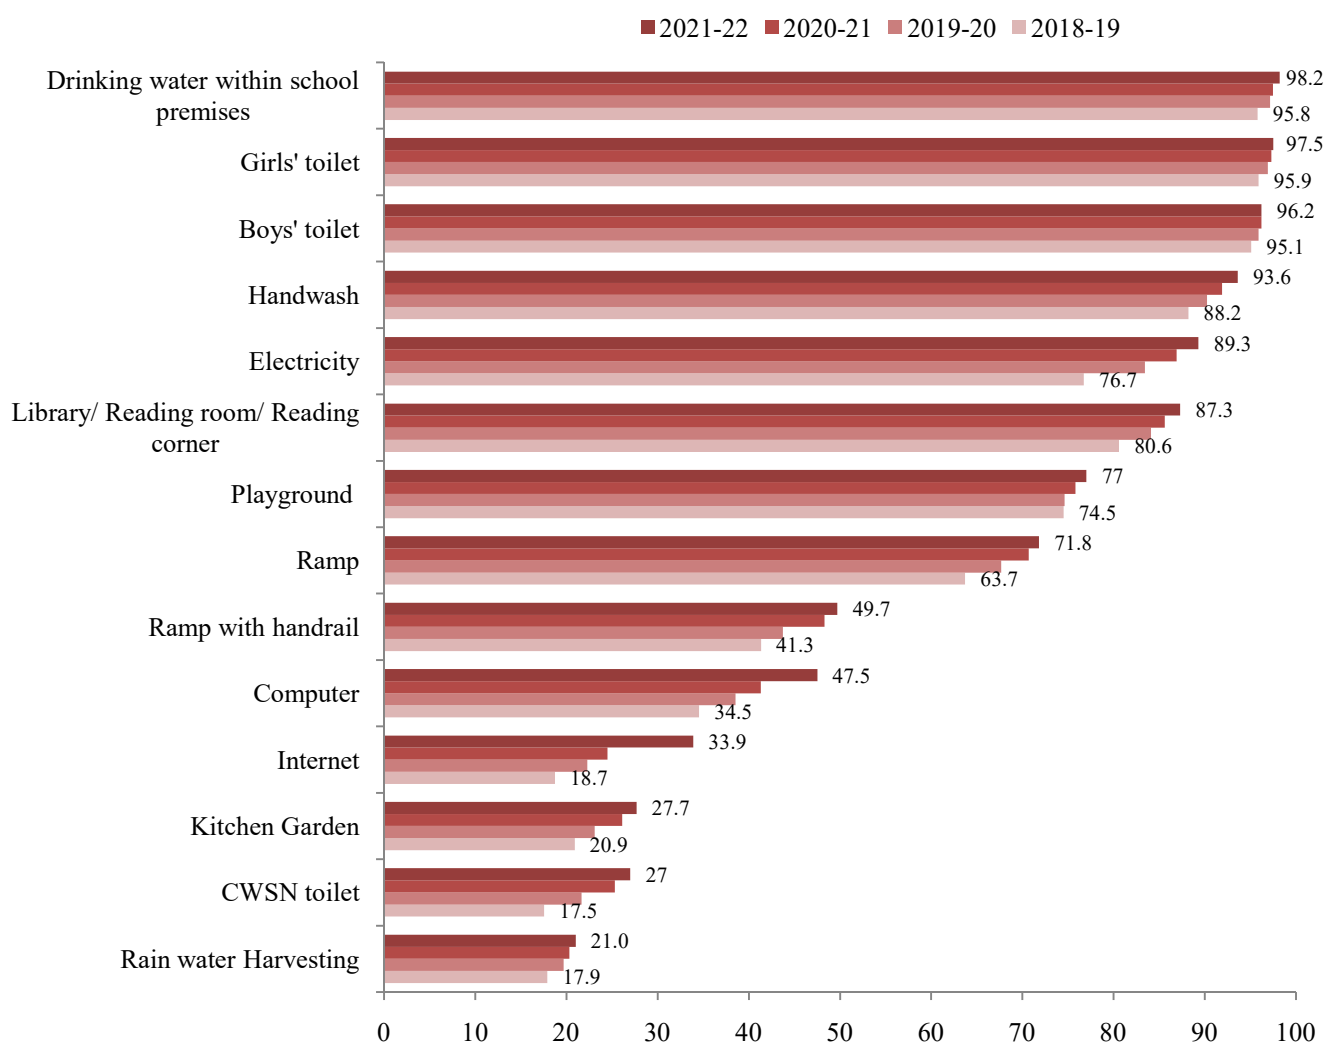

2.4. School infrastructure

2.4.1. Chart 10 provides a comparison of a few major infrastructure facilities available in the schools in 2018-19 to 2021-22. This includes electricity connection, library, internet, ramp, hand wash,

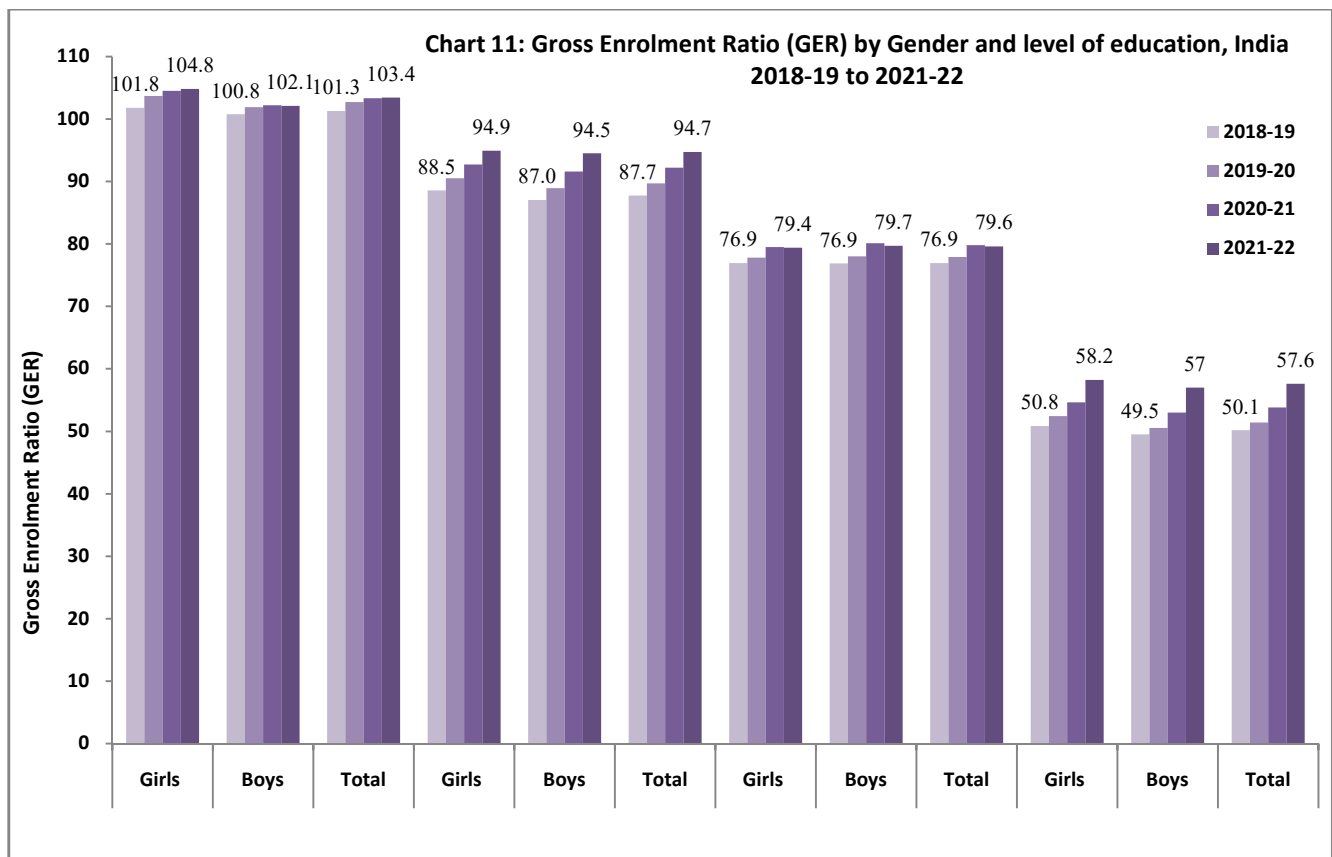

drinking water etc. The UDISE +2021-22 data shows that all the major infrastructural facilities have improved in 2021-22 compared to the previous year. For the first time, further disaggregated data on facilities have been presented separately for State Government Schools, KVS, JNVs, Government aided, Private etc. and can be referred to table at Table 9.6 to 9.14. Similarly, some of the important key performance indicators such as availability of Integrated Science Lab, Co-curricular activity room, arts and crafts room facility, sustainable development activities related to environment viz., schools with solar panel, rain water harvesting, kitchen garden etc have been tabulated and presented at table 7.20 to 7.24.

**Chart 10: Percentage of schools having specific infrastructure facility, India
2018-19 to 2021-22**

2.5. Gross Enrolment Ratio (GER), Gender Parity Index (GPI) and Pupil Teacher Ratio (PTR)

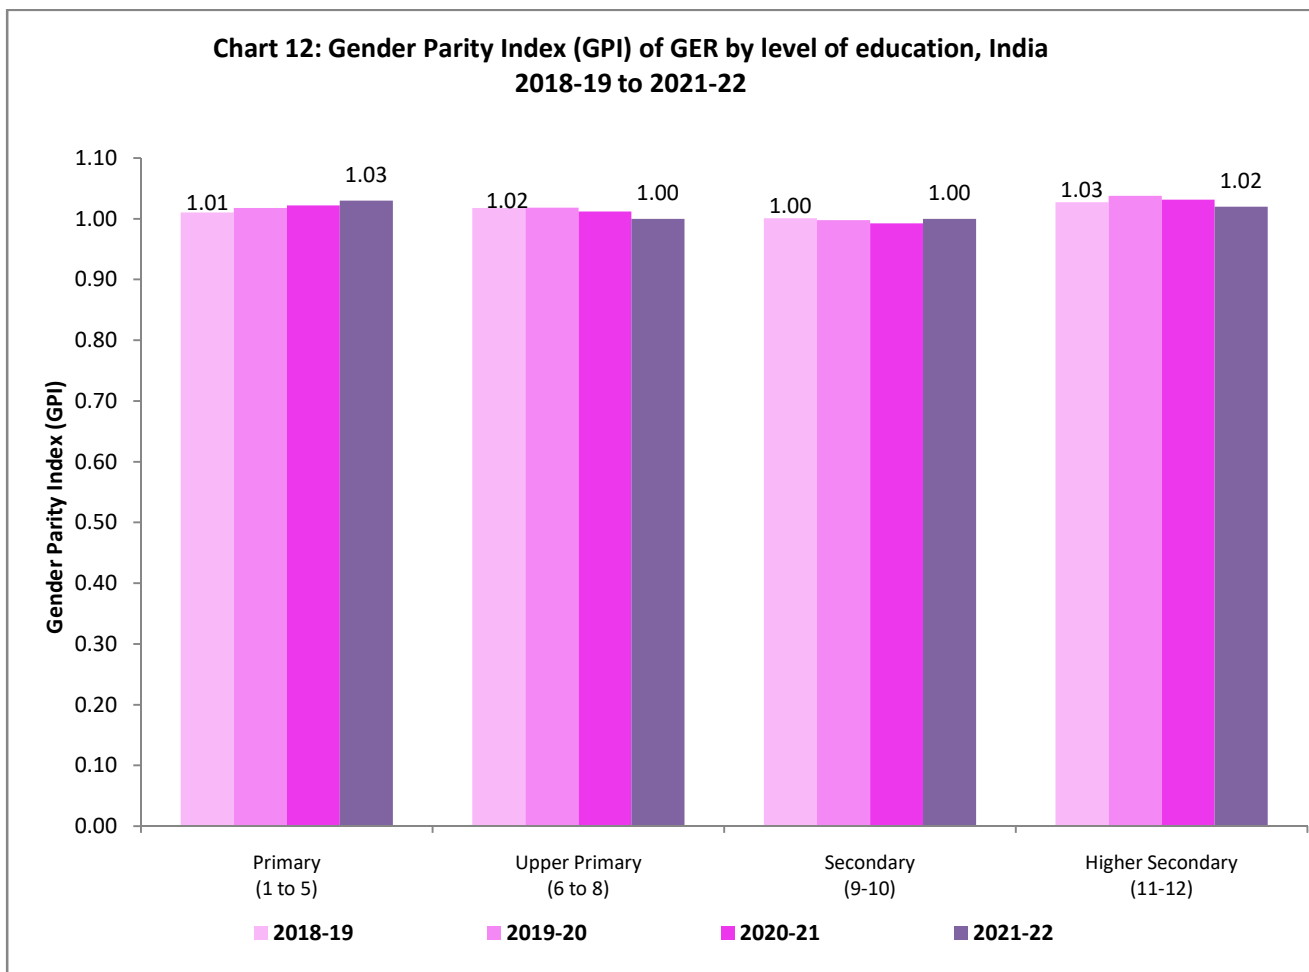

2.5.1. The Gross Enrolment Ratio (GER) compares the enrolment in a specific level of education to the population of the age-group which is most age-appropriate for that level of education. For example, the GER of primary is student enrolment in class 1 to 5 expressed as a percentage of population in age group 6-10 years. Similarly, GER of upper primary is enrolment in class 6-8 expressed as a percentage of population in age group 11-13 years, and so on. Since changes in GER are usually not much on a year-to-year basis, its movement in the long run is of interest. Chart 13 shows the progress of GER for different levels of education for boys and girls during 2018-19 to 2021-22. It may also be noted that GER greater than 100% might indicate presence of over or under age children in a particular level of education.

2.5.2. The GER of primary was 101.3% in 2018-19 which increased to 104.8% in 2021-22. The GER for upper primary in 2021-22 is 94.7%. It was 87.74% in 2018-19. The GER for secondary has reached 79.6% in 2021-22, from 76.9% in 2018-19. GER at higher secondary level has also shown improvement as it reached 57.6% in 2021-22 from 50.14 in 2018-19 showing significant increase.

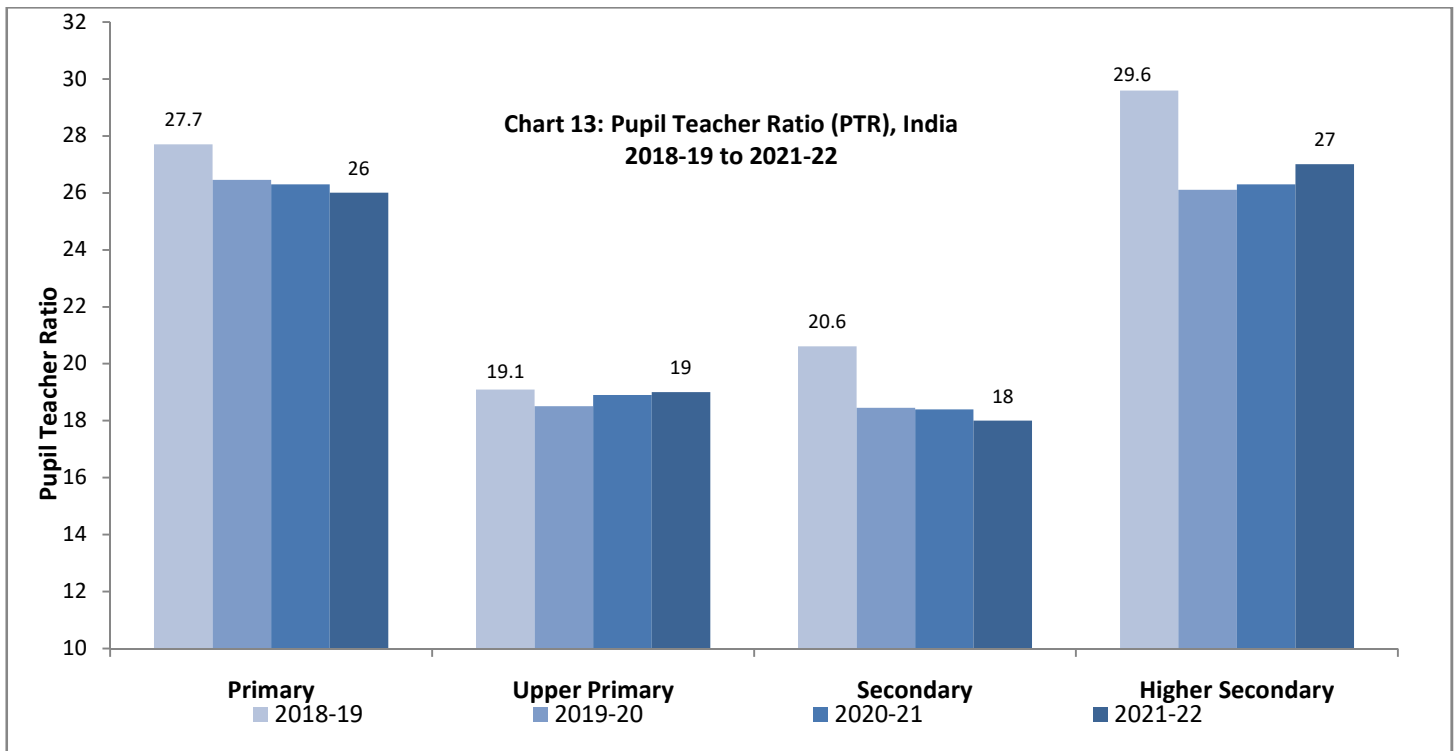

2.5.3. The Gender Parity Index (GPI) of GER shows whether the representation of females in school education is in line with representation of girls in population of corresponding age group. GPI

value 1 or more shows that the GPI is favorable to the girls, while GPI of less than 1 shows relative under representation of girls in that specific level of school education. Chart 12 shows the GPI of GER from 2018-19 to 2021-22 for the different levels of school education.

2.5.4. It is heartening to note that at present, the GPI is 1 or more at all levels of school education. While Chart 12 shows that the GPI at primary and higher secondary was more than 1 for all the years 2018-19 to 2021-22.

2.5.5. Another Key Performance Indicator School education is Pupil Teacher Ratio (PTR). When measured at disaggregated levels of education PTR show availability of adequate number of teachers for teaching the children enrolled at different levels of education. Chart 13 below shows the PTR for different levels of education during 2018-19 to 2021-22. A reduction in the PTR indicates that number of students per teacher has reduced implying more focus of teacher on students resulting in improvement in quality of teaching.

2.5.6. The PTR at all levels of education has improved during 2018-19 and 2021-22. PTR for primary has reached 26 in 2021-22, which was 28 in 2018-19. Maximum improvement can be observed in PTR of higher secondary which has improved to 27 in 2021-22 from 30 in 2018-19

2.5.7. The detailed tables at India and State/UT level are presented in the next part of this report. For information at a further level of details, the users are requested to visit the web portal <https://udiseplus.gov.in/#/Publication> to access the UDISE+ Reports for years 2012-13 to 2021-22.

3 Additional indicators included in UDISE+ 2021-22 for the first time to align with NEP 2020 initiatives

3.1. Based on the NEP 2020 initiatives, Samagra Siksha Scheme identified some of the key areas of intervention for all round development of children from the early stage. In this endeavor, some of the identified indicators include provision of sufficient books in school library, academic enrichment activities undertaken by schools, introduction of peer learning in the schools, training to students on psycho-social aspect, orientation on cyber safety to students, identification of hard spot in learning, teaching tools created by teachers for teaching and learning, creating outcome based assessment items by teachers for learning, criterion referenced items etc. have been introduced in UDISE+ 2021-22 for the first time.

3.2. The detailed tables indicating state wise progress on all of the above identified indicators have been tabulated and presented at Table 11.1 to 11.9. As per UDISE+ 2021-22, there are 106.24 Crore books available in schools translating into an average of 713 books per school. During 2021-22, the

data in respect of government and government aided schools shows that 35% of the schools have created learning outcome based assessment, 26% schools created criterion referred items, 79% schools have undertaken academic enrichment activities, in 73% schools teachers have created teaching tool for teaching and learning, 18% schools identified hard spot in learning outcomes, 8% schools have provided orientation on cyber safety to students, 6% schools provided training on psycho-social aspects and 52% of all schools have introduced peer learning programme in their schools.

3.3. During 2021-22, total of 24.72 lakhs students have been identified as gifted children and schools provided 9.8 lakhs mentors to the gifted children. More than 96% of the gifted children participated in the nurturance camp at State/ National Level and 1.06 lakhs children appeared in State Level Competitions/ Olympiads/ National level Competitions.

4. Impact of COVID - 19 Pandemic on enrolment

4.1 Although the impact of the COVID-19 pandemic is cross-cutting, this is particularly noticed in the enrolment of young and vulnerable kids like pre-primary classes may be attributed to postponement of admissions due to COVID-19.

4.2 In 2021-22 enrolment of students in school education from primary to higher secondary is around 25.57 Crore. This is higher by 19.36 lakh as compared to the enrolment of students in 2020-21. However, enrolment of students in pre-primary to higher secondary increased by 7.85 lakh in 2021-22 as compared to 2020-21. The enrollment in pre-primary sections of the school dropped by 11.5 lakh.

4.3 Total number of schools in 2021-22 stood at 14.89 lakhs as compared to 15.09 lakhs in 2020-21. The decline in total schools is mainly due to closure of schools under private and other management.

4.4 The total number of teachers also declined by 1.95 % in 2021-22 compared to 2020-21. Total number of teachers in 2021-22 was 95.07 lakh, decreased from 97.87 lakh in 2020-21.

Concepts and Definitions used in UDISE+

Sl No.	Concept (Abbreviation used)	Definition (with codes as per UDISE+ DCF, wherever applicable)		
1.	Types of schools	The following codes of school management have been considered:		
	Government schools	Management	Code	Type
		Department of Education	1	State Government
		Tribal Welfare Department	2	State Government
		Local Body	3	State Government
		Other State Government. managed schools	6	State Government
		Minority Affairs Department	7	State Government
		Social Welfare Department	90	State Government
		Ministry of Labour	91	Central Government
		Kendriya Vidyalaya/ Central School	92	Central Government
		Jawahar Navodaya Vidyalaya	93	Central Government
		Sainik School	94	Central Government
		Railway School	95	Central Government
		Central Tibetan School	96	Central Government
Other Central Government/ PSU Schools	101	Central Government		
Government aided schools	Government Aided - 4			
Private unaided schools	Private Unaided recognized - 5			
Other schools	Unrecognized – 8 Madrasa (recognized by madrasa/ wakf board) – 97, Madrasa (unrecognized) - 98			
2.	Gross Enrolment Ratio (GER)	Total enrolment in a particular level of school education, regardless of age, expressed as a percentage of the Population of the official age-group which corresponds to the given level of school education in a given school year. Example: GER primary = Enrolment in class 1 to 5 ÷ projected population in age group 6-10 years		
3.	Net Enrolment Rate (NER)	Total number of pupils enrolled in a particular level of school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: NER primary = Children of age 6-10 years enrolled in class 1 to 5 ÷ projected population in age group 6-10 years		
4.	Adjusted Net Enrolment Rate (ANER)	Total number of pupils enrolled either in the corresponding level or a higher level of the school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: ANER primary = Children of age 6-10 years enrolled in primary or higher ÷ projected population in age group 6-10 years ANER upper primary = Children of age 11-13 years enrolled in upper primary or higher ÷ projected population in age group 11-13 years For both NER and ANER, the following identity is maintained: NER <= ANER <= 100.		

5.	Age Specific Enrolment Rate (ASER)	Total number of pupils enrolled in any level of school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: ASER 6-10 years = Children of age 6-10 years enrolled in primary or higher ÷ projected population in age group 6-10 years ASER 11-13 years = Children of age 11-13 years enrolled in primary/ upper primary/ secondary/ higher secondary ÷ projected population in age group 11-13 years ... ASER 16-17 years = Children of age 16-17 years enrolled in primary/ upper primary/ secondary/ higher secondary ÷ projected population in age group 16-17 years
6.	Percentage of OBC Enrolments to Total Enrolments	Total OBC enrolments expressed as a percentage of the total enrolments
7.	Percentage of all minority Enrolments to Total Enrolments	Total of all notified minority communities enrolments expressed as a percentage of the total enrolment
8.	Percentage of Muslim minority Enrolments to Total Enrolments	Total of Muslim minority community enrolment expressed as a percentage of the total enrolment
9.	Promotion Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are enrolled in the next grade in the following school year.
10.	Repetition Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are enrolled in the same grade in the following school year
11.	Dropout Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are no longer enrolled at any grade in the following school year. The following identity is maintained while preparing the estimates of promotion rate, repetition rate and dropout rate: Each of Promotion Rate, repetition Rate and Dropout Rate is non negative and Promotion Rate + Repetition Rate + Dropout Rate = 100
12.	Retention Rate	Percentage of a cohort of pupils (or schools) enrolled in a first grade of a given level of education in a given school year who are expected to reach the last grade of the level.
13.	Gender Parity Index (GPI) of GER	Ratio of GER of girls to GER of boys. It measures the progress towards gender parity in education participation and/or learning opportunities available for girls in relation to those available to boys. It also represents the level of girls' empowerment in the society.
14.	Pupil Teacher Ratio (PTR)	Pupil-Teacher Ratio (PTR) is the average number of pupils (at a specific level of education) per teacher (teaching at that level of education) in a given school- year.
15.	AWC	Anganwadi Centres
16.	CBSE	Central Board of Secondary Education
17.	ICSE	Indian Certificate of Secondary Education
