UNIFIED DISTRICT INFORMATION SYSTEM FOR EDUCATION PLUS (UDISE+)

Flash Statistics 2020-21

Sl. No.	Content	Page No.
1.	Key Results - all-India	9-23
2.	Detailed Tables - India and State/UT	24-143
	Table No. Table Description	
	Number of Schools	
1.1	Number of schools by level of school education	25
1.2	Number of schools by management and school category – all types of management	26
1.3	Number of schools by management and school category – Government	27
1.4	Number of schools by management and school category – Government Aided	28
1.5	Number of schools by management and school category – Private Unaided Recognized	29
1.6	Number of schools by management and school category – Others	30
1.7	Number of primary schools having AWC or Pre-Primary Sections–all types of management	31
1.8	Number of primary schools having AWC or Pre-Primary Sections–Government	32
1.9	Number of primary schools having AWC or Pre-Primary Sections–Government Aided	33
1.10	Number of primary schools having AWC or Pre-Primary Sections–Private Unaided Recognized	34
1.11	Number of primary schools having AWC or Pre-Primary Sections–Others	35
	Number of Teachers	
2.1	Number of teachers by management and school category – all types of management	36
2.2	Number of teachers by management and school category – Government	37
2.3	Number of teachers by management and school category – Government Aided	38
2.4	Number of teachers by management and school category – Private Unaided Recognized	39
2.5	Number of teachers by management and school category – Others	40

Sl. No.	Content	Page No.	
	2.6	Number of teachers by management and classes taught – all types of management	41
	2.7	Number of teachers by management and classes taught – Government	42
	2.8	Number of teachers by management and classes taught – Government Aided	43
	2.9	Number of teachers by management and classes taught – Private Unaided Recognized	44
	2.10	Number of teachers by management and classes taught – Others	45
	2.11	Pupil Teacher Ratio (PTR)	46
	2.12	Number of teachers by management, gender and classes taught - all types of management	47-49
	2.13	Number of teachers by management, gender and classes taught - Government	50-52
	2.14	Number of teachers by management, gender and classes taught – Government Aided	53-55
	2.15	Number of teachers by management, gender and classes taught – Private Unaided Recognized	56-58
	2.16	Number of teachers by management, gender and classes taught – Others	59-61
		Number of Students	
	3.1	Enrolment of students by management and level of school education – all types of management	62
	3.2	Enrolment of students by management and level of school education – Government	63
	3.3	Enrolment of students by management and level of school education – Government Aided	64
	3.4	Enrolment of students by management and level of school education – Private unaided Recognized	65
	3.5	Enrolment of students by management and level of school education – Other	66
	3.6	Enrolment of students by gender, school management and level of school education – all types of management	67-68
	3.7	Enrolment of students by gender, school management and level of school education – Government	69-70
	3.8	Enrolment of students by gender, school management and level of school education – Government Aided	71-72
	3.9	Enrolment of students by gender, school management and level of school education – Private unaided Recognized	73-74
	3.10	Enrolment of students by gender, school management and level of school education – Other	75-76
	3.11	Enrolment of Children With Special Needs (CWSN) by Gender and Level of School Education.	77-78

Sl. No.	Content	Page No.
3.12	New admission of students in class 1 who have pre-school experience by gender – all types of managements	79
3.13	New admission of students in class 1 who have pre-school experience by gender – Government	80
3.14	New admission of students in class 1 who have pre-school experience by gender – Government Aided	81
3.15	New admission of students in class 1 who have pre-school experience by gender – Private unaided Recognized	82
3.16	New admission of students in class 1 who have pre-school experience by gender – Other	83
3.17	Enrolment of students by gender, age-group and level of education.	84-95
	Number of Schools by Affiliation Board	
4	Number of schools by affiliation board and level of school education	96
	Enrolment Ratios/ Rates	
5.1	Gross Enrolment Ratio (GER) by Gender, Social Group and Level of School Education – all Social Groups	97
5.2	Gross Enrolment Ratio (GER) by Gender, Social Group and Level of School Education – Scheduled Castes	98
5.3	Gross Enrolment Ratio (GER) by Gender, Social Group and Level of School Education – Scheduled Tribes	99
5.4	Net Enrolment Rate (NER) by Gender and Level of School Education	100
5.5	Adjusted Net Enrolment Rate (ANER) by Gender and Level of School Education	101
5.6	Age-Specific Net Enrolment Rate (ASNER) by Gender and Level of School Education	102
5.7	Gender Parity Index (GPI) of GER by Level of School Education	103
5.8	Percentage of OBC enrolment to total enrolment by gender and level of school education	104
5.9	Percentage of Muslim minority enrolment to total enrolment by gender and level of school education	105
5.10	Percentage of all minority groups' enrolment to total enrolment by gender and level of school education	106
5.11	Promotion Rate by level of education, gender and social category	107
5.12	Repetition Rate by level of education, gender and social category	108
5.13	Dropout Rate by level of education, gender and social category	109
5.14	Transition Rate by level of education and gender	110
5.15	Retention Rate by level of education and gender	111

		Infrastructure	
	6.1	Number of schools by management and availability of electricity and functional electricity	112-113
	6.2	Number of schools by management and availability of drinking water and functional drinking water	114-115
	6.3	Number of schools by management and availability of boy's toilet and functional boy's toilet	116-117
	6.4	Number of schools by management and availability of girl's toilet and functional girl's toilet	118-119
	6.5	Number of schools by management and availability of toilets and functional toilets	120-121
	6.6	Number of schools by management and availability of hand wash facility	122
	6.7	Number of schools by management and availability of library facility	123
	6.8	Number of schools which conducted medical checkups in the last academic year by school management	124
	6.9	Number of schools by management and availability of computer facility	125
	6.10	Number of schools by management and availability of functional computer facility	126
	6.11	Number of schools by management and availability of internet facility	127
	6.12	Number of schools by management and availability of Children With Special Needs (CWSN) friendly toilets and functional CWSN friendly toilet	128-129
	6.13	Number of schools by management and availability of ramps for Children With Special Needs (CWSN)	130
	6.14	Number of schools by management and availability of ramps with handrails for Children With Special Needs (CWSN)	131
	6.15	Number of schools by availability of drinking water facility within school premises and major source of drinking water – all types of management	132
	6.16	Number of schools by availability of drinking water facility within school premises and major source of drinking water – Government schools	133
	6.17	Number of schools by availability of drinking water facility within school premises and major source of drinking water – Government aided schools	134
	6.18	Number of schools by availability of drinking water facility within school premises and major source of drinking water – Private unaided schools	135
	6.19	Number of schools by availability of drinking water facility within school premises and major source of drinking water – other schools	136

		Vocational Education	
	7	Number of Secondary and Higher Secondary schools having vocational courses under NSQF by management and enrolment under vocational courses	137
		Population Projections	
	8.1	Population projection by gender, social groups and age group	138-139
	8.2	Population projection by gender , social groups and age group – Scheduled Castes (SC)	140-141
	8.3	Population projection by gender, social groups and age group – Scheduled Tribes (ST)	142-143
3.	Concepts and Definitions used in UDISE+		144-145
4.	Data capture process of UDISE+ and online availability of UDISE+ data		146-149

DISCLAIMER

Though all the efforts have been made to ensure the accuracy and currency of the content on this report, the same should not be construed as a statement of law or used for any legal purposes. In case of any ambiguity or doubts, users are advised to verify/check with the appropriate Government Functionary/Authority and/or other source(s) and to obtain appropriate professional advice. This Report is based on voluntary uploading of data by the schools having active UDISE+ codes in a reference year, with 30thSeptember as the reference date, using specially designed data collection formats (DCF).The UDISE+ code of a school is allotted by the State/UT Government where the school is located. The responsibility for the accuracy of the data filled in the DCFs rests with the concerned Nodal Officers, namely Principal/ Vice-Principal/ Head Master/ Head Teacher/ Senior most teacher at the school level, Cluster Resource Officer at the cluster level, Block Education Officer for the block level, District Education Officer at the district level and the SPD of Samagra Shiksha at the State level. The Ministry of Education, therefore, assumes no responsibility or liability for any errors or omissions in the data and indicators reported in the document. Inclusion of name of a school in any of the lists in the portal <http://udiseplus.gov.in> or any of the reports generated in the portal does not confer the status of recognition to the school by the Ministry of Education, Govt. of India.

Key Results - All-India

KEY RESULTS – ALL INDIA

1. INTRODUCTION:

- 1.1. The Indian school Education System is one of the largest in the world with more than 15 lakh schools, nearly 97 lakh teachers and nearly 26.5 Crore students¹ of pre-primary to higher secondary level from varied socio-economic backgrounds. The system strives to maintain standards and uniformity across the country while giving ample scope for the country's diverse culture and heritage to grow and flourish.
- 1.2. A robust, real time and credible information collection mechanism is an essential prerequisite for an objective evaluation of the system, based on which specific interventions for improvement can be designed. In early 1990s, as part of the District Primary Education Programme (DPEP) national endeavour, a school based computerized information system was designed and developed. Education Management information System (EMIS), called the District Information System for Education (DISE) was created for classes 1 to 5 for planning and monitoring the DPEP over 42 districts in 7 selected States. Over the years, this was expanded to cover the entire elementary education system in India. In 2008-09, with the introduction of the Rashtriya Madhyamik Shiksha Abhiyan (RMSA), a separate and dedicated Secondary Education Management Information System (SEMIS) was started for classes 9 to 12. Subsequently, in 2012-13, the Unified District Information System for Education (UDISE) was launched by integrating the DISE and SEMIS. The UDISE system thereafter became the only source of data for the school education system with respect to schools, teachers and student enrolment. Under the UDISE system, the schools used to feed the data manually at the school level in paper version of the Data Capture Format (DCF) with reference date of 30th September of each year. Thus, UDISE used to provide school-wise data on enrolment, physical infrastructure, teacher, etc. These paper DCFs used to be computerized at block level or at district level, collated at State/UT level and thereafter shared with the Central Government to build a national database.
- 1.3. With an aim to overcome the limitations of the UDISE system, the Department of School Education Literacy (DoSEL) has developed the UDISE+ system with many unique features and introduced it from the reference year 2018-19. Improvements have been made particularly in the areas related to data capture, data mapping and data verification. Following field trials conducted in the schools and on the basis of their inputs, the questions in the DCF have been redesigned so that they are simpler and easier to understand. New questions have been included like pre-primary education, sports

¹ Number of schools, teachers and students are from UDISE+ 2020-21. Pre-primary enrolment mentioned in this report excludes pre-primary enrolment in ECCE centres of Anganwadi and private kindergartens, as these are not a part of UDISE+.

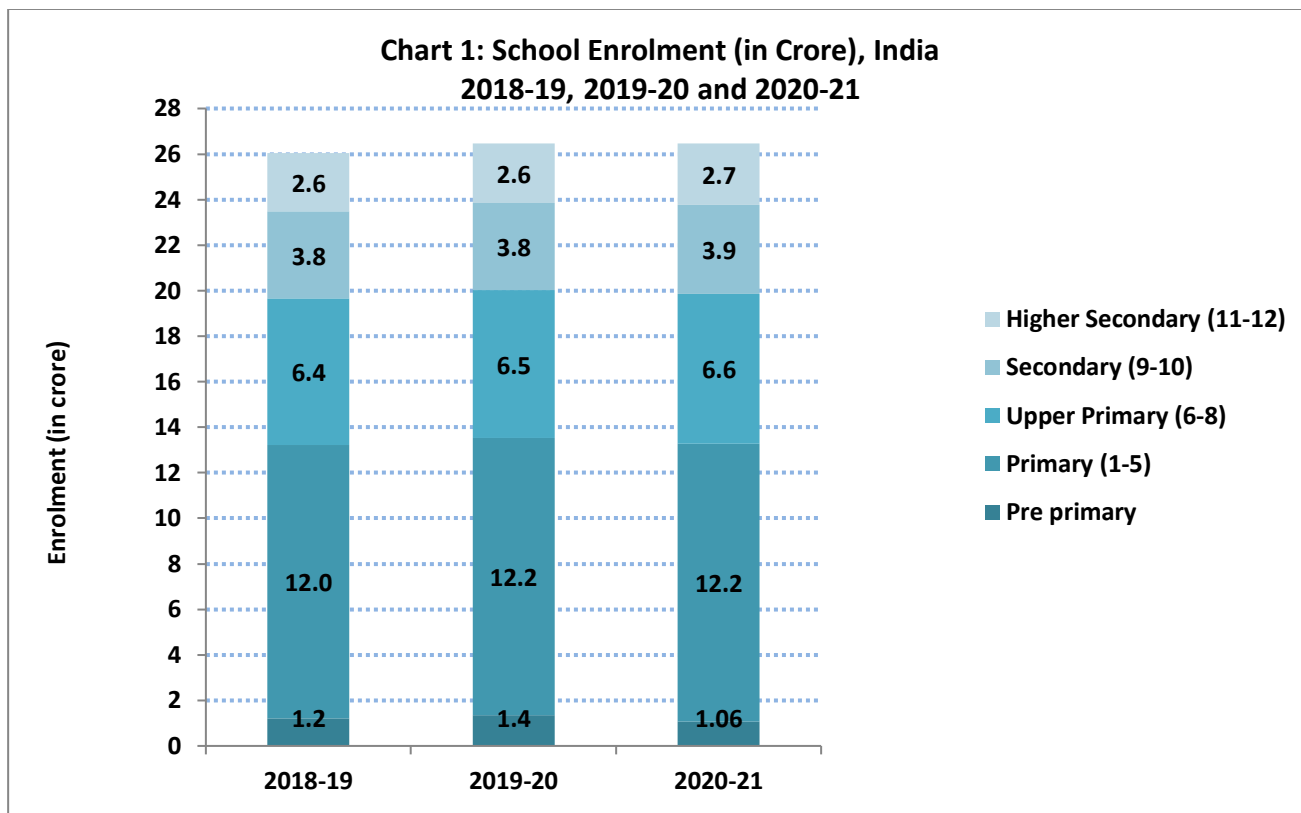

equipments, library books, ICT, school safety, etc. Different types of DCFs have been prepared for different categories of schools, namely, primary, upper-primary, secondary and higher secondary. The schools need to respond only to that part of DCF which is relevant for them. To enable real time exchange of information, online uploading of UDISE+ data has been made mandatory from 2018-19. The uploading is done either at school level or at the block level. Inbuilt validation checks are part of the software. A certificate on correctness of data from the head of school and the Cluster Resource Coordinator has been made a part of the DCF. To eliminate the problems related to coordination, supervision, monitoring and security of the UDISE+ data, it is hosted in the server of the National Informatics Centre (NIC) and has been brought under the overall supervision of the DoSEL. The NIC, which has vast experience in handling large databases in secured servers of several Government Departments at the Centre and the States are now in charge of the UDISE+. The security of the data has been ensured through this step. Further, a dedicated group of personnel look into all technical aspects of the software and handle the queries from States and UTs. NIC also provides web services to those States/ UTs which have their own MIS, so that they can upload their data on the UDISE+ portal seamlessly. Regular liaison with the concerned departments in the States/ UTs is also done by the DoSEL to resolve any outstanding issues in this regard.

1.4. The present publication relates to UDISE+ data for the reference year 2020-21. Some of the salient results at all-India level are given in the following paragraphs. This is followed by detailed tables at the all-India and State/UT level for the most used indicators based on the UDISE+ data. More than 100 such reports for all the years 2012-13 to 2020-21 have also been made available in the website of UDISE+ developed for disseminating this data in the link http://www.education.gov.in/hi/statistics-new?shs_term_node_tid_depth=394&Apply=Apply and <https://udiseplus.gov.in/#/Publication> UDISE+ Reports.

2. Salient results from UDISE+ 2020-21 – all India

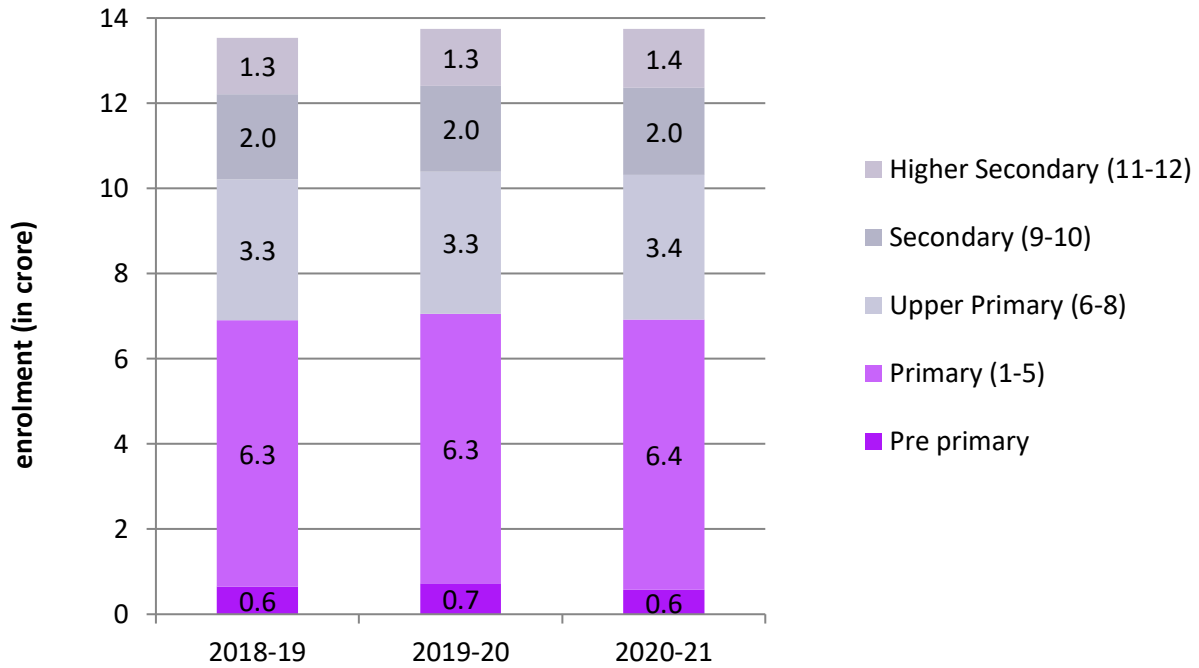

2.1. Enrolment of students

2.1.1. The total enrolments and enrolments of boys and girls for the years 2018-19, 2019-20 and 2020-21 for different levels of education namely, pre-primary, primary, upper primary, secondary and higher secondary are given in Charts 1 to 3 below. It may be noted that the pre-primary data contained in the UDISE+ system does not include the pre-primary enrolment of the Early Childhood Care and Education (ECCE) system run by the Ministry of Women and Child Welfare through the Anganwadi Centers and stand alone pre-primary education centers run by different kindergartens. It covers only the enrolment in pre-primary classes of different categories of schools. Total enrolment in schools (Class 1 to 12) has increased by 1.12 % in 2020-21 as compared to 2019-20.

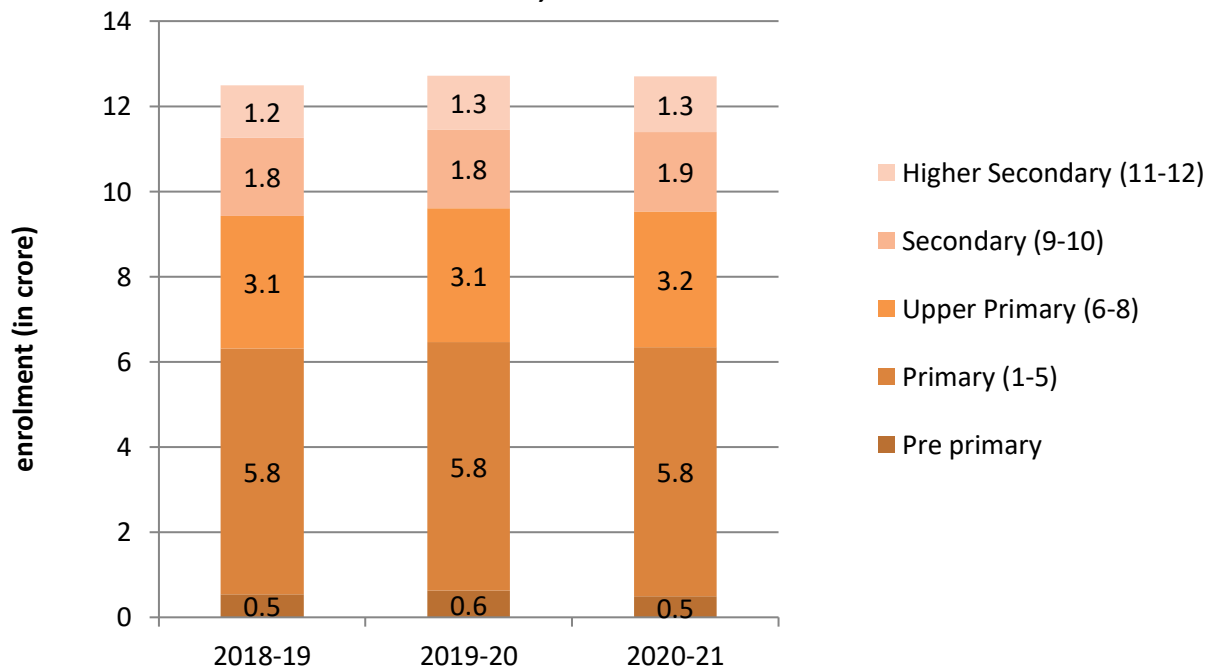

2.1.2. The total enrolment in 2020-21 from primary to higher secondary levels of school education was a little over 25.38Crore. Enrolment for boys was 13.17 Crore and that of the girls was 12.21 Crore. This was an increase by more than 28 lakh over 2019-20. Many of the schools under the UDISE+ system had pre-primary classes. Total enrolment of all the schools in the UDISE+ system from Pre-primary to higher secondary, have crossed 26.44 Crore in 2020-21. At all the levels above primary, i.e., in upper primary, secondary and higher secondary, school enrolment has increased, showing an improvement in the ability of the system to retain more and more children in the system of school education over time. Charts 2 and 3 show the improvement in enrolment of both boys and girls at various levels of education.

**Chart 2: Enrolment of boys (in Crore), India
2018-19, 2019-20 and 2020-21**

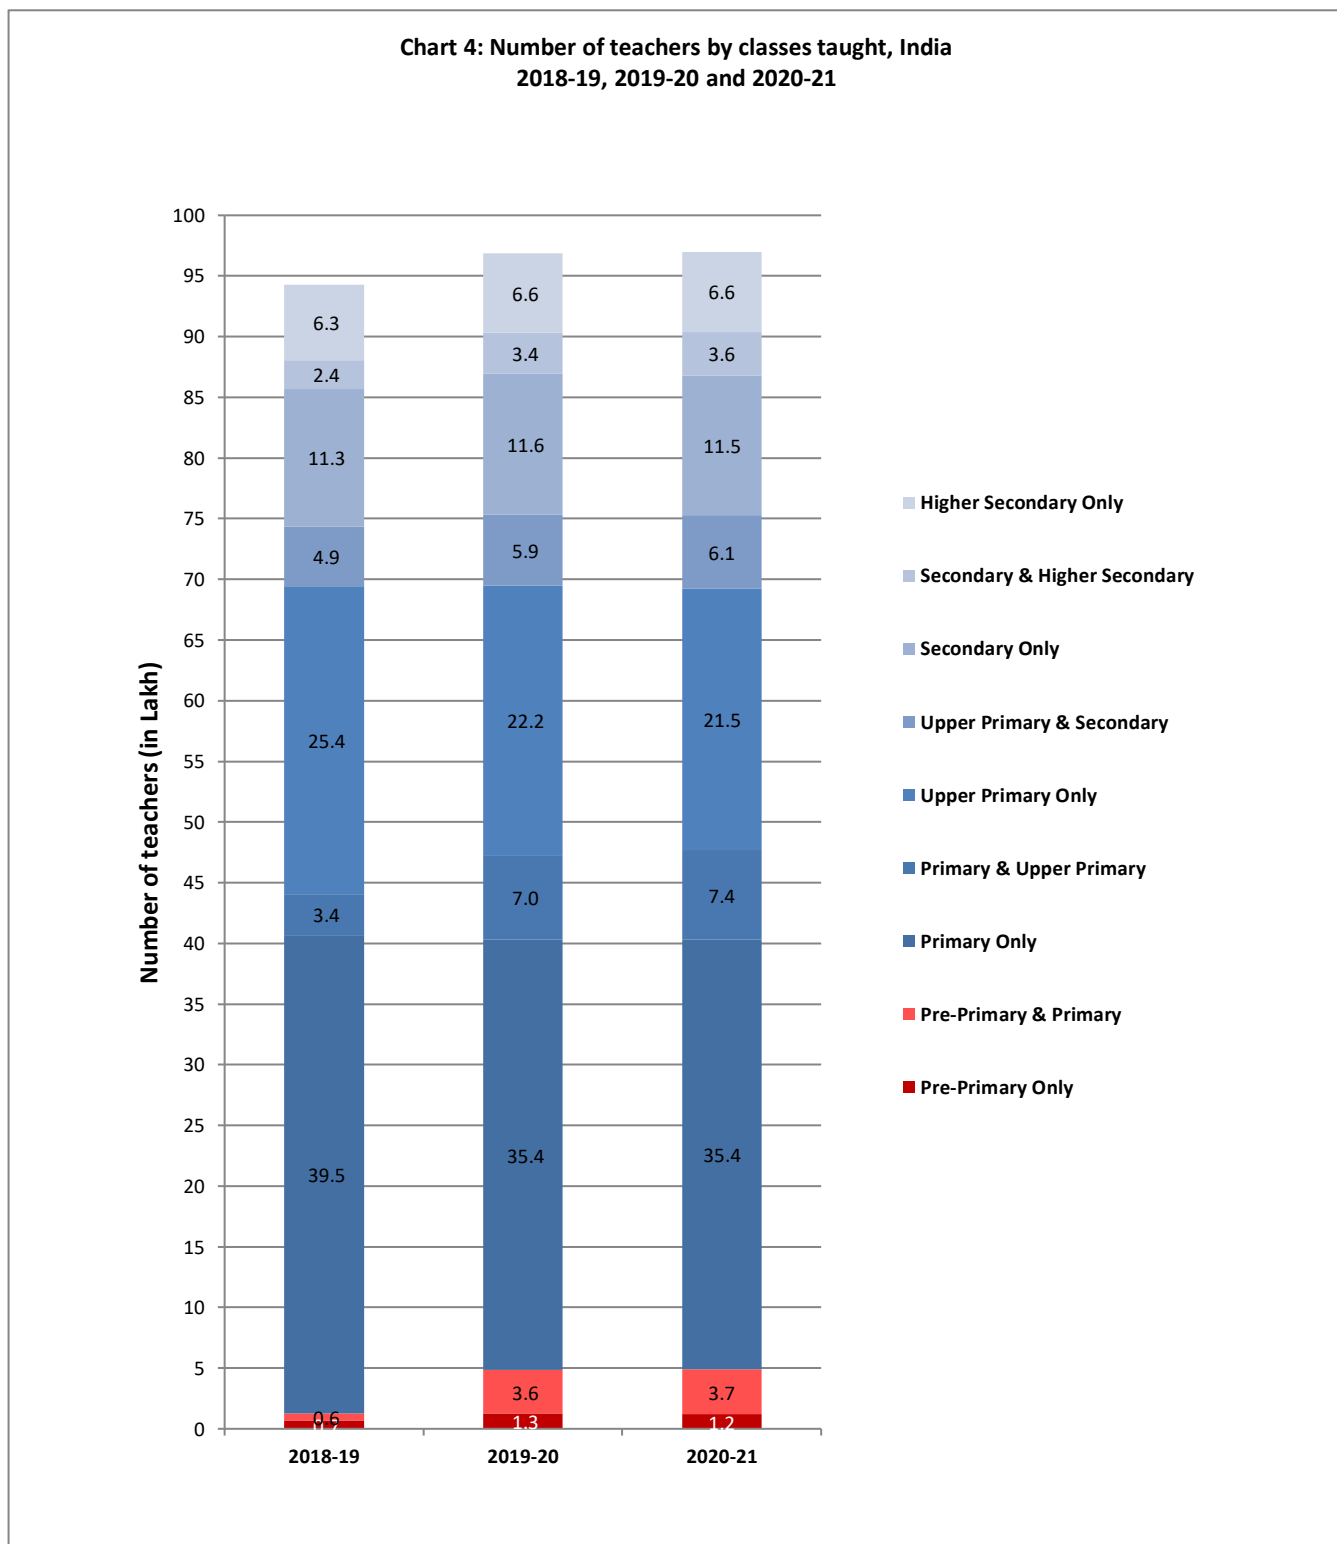

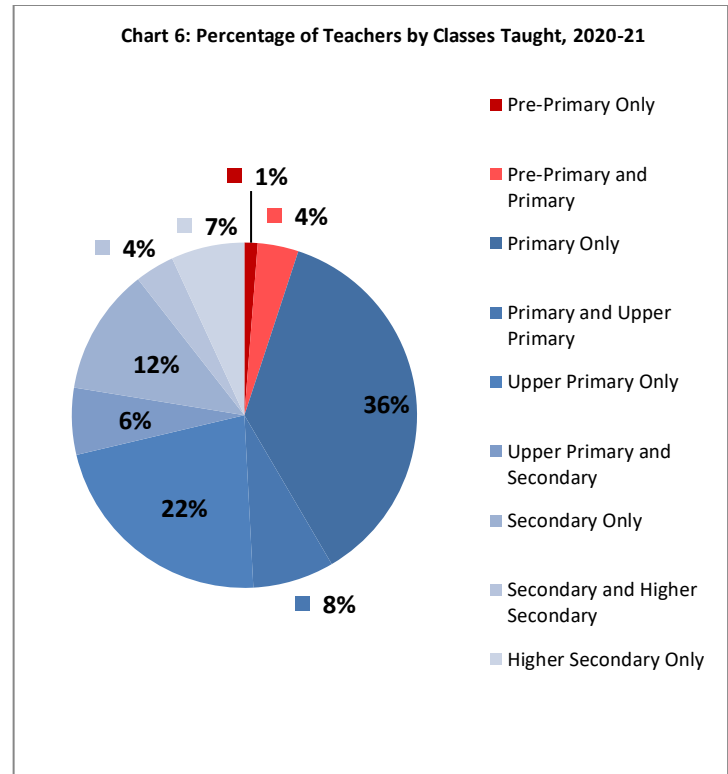

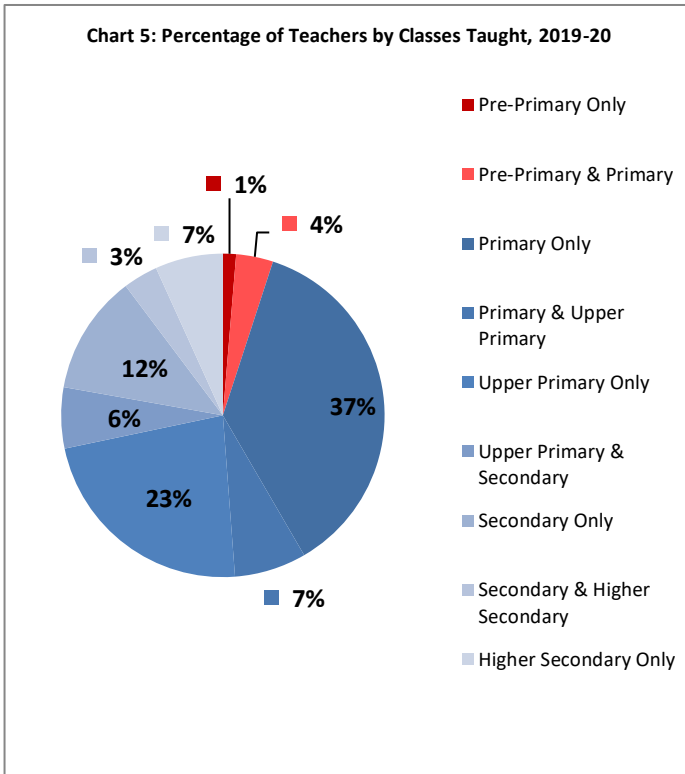

**Chart 3: Enrolment of girls (in Crore), India
2018-19, 2019-20 and 2020-21**

2.2. Number of teachers

2.2.1. The total number of teachers has also shown an increase in 2020-21 compared to 2019-20. Chart 4 shows the number of teachers by classes taught while Charts 5 and 6 show the share of different levels of education in total teachers in these two years. Total number of teachers in 2020-21 was 96.96 lakh, an increase of more than eight thousand over total teachers in 2019-20 (96.87 lakh).

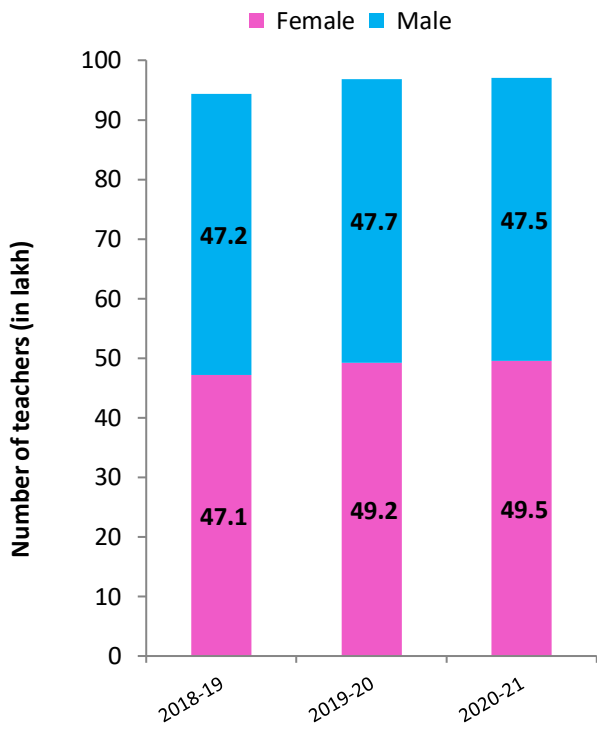

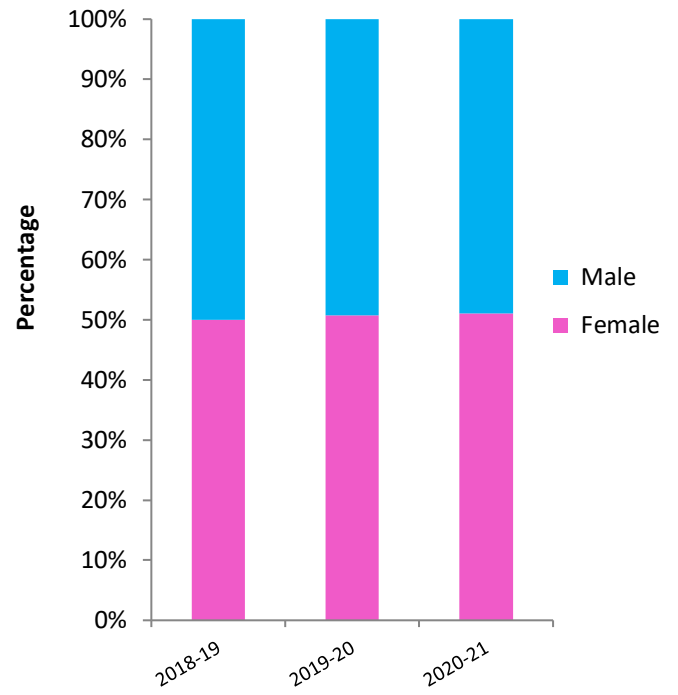

2.2.2. The percentage of teachers teaching only primary (36% in 2020-21 from 37% in 2019-20) and only upper primary (22% in 2020-21 from 23% in 2019-20) has reduced. This reduction in share has been compensated mainly through percentage of teachers teaching secondary and higher secondary (4% in 2020-21, from 3% in 2019-20), primary and upper primary (8% in 2020-21 from 7% in 2019-20).

2.2.3. Charts 7 and 8 depict the number and percentage of teachers by gender, combining all the classes taught. For the years 2018-19, 2019-20 and 2020-21. There were 47.1 lakh female teachers in 2018-19, which has gone up to 49.5 lakh in 2020-21. On the other, there were 47.2 lakh male teachers in 2018-19, which has gone up to 47.5 lakh in 2020-21. Thus, as can be seen from Chart 8, in 2020-21, again the participation of females in school teaching is more than that of males. However, from upper primary level onwards, number of male teachers is more than number of female teachers, as can be seen from Chart 9. At all levels of education, the number of teachers has increased over the period 2018-19, 2019-20 and 2020-21.

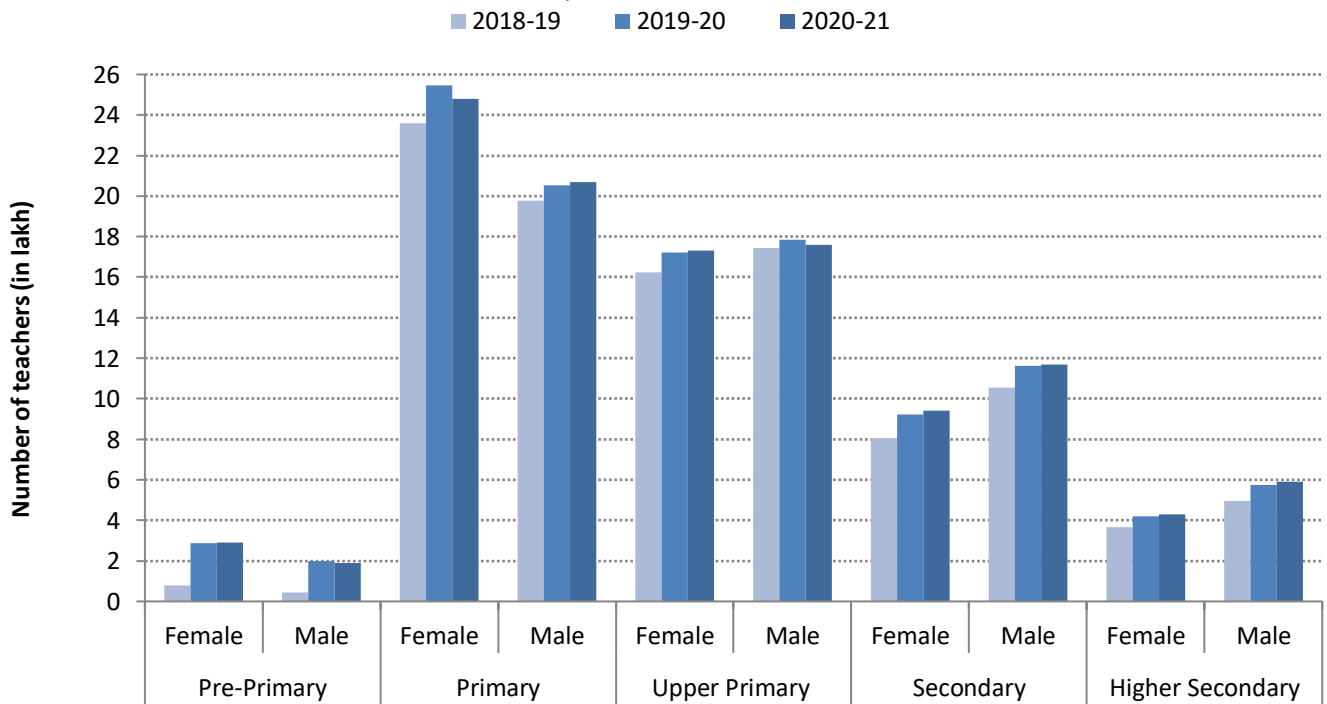

**Chart 7: Number of teachers (in lakh) by gender, all India
2018-19, 2019-20 and 2020-21**

**Chart 8: Percentage of teachers by gender, all India
2018-19, 2019-20 and 2020-21**

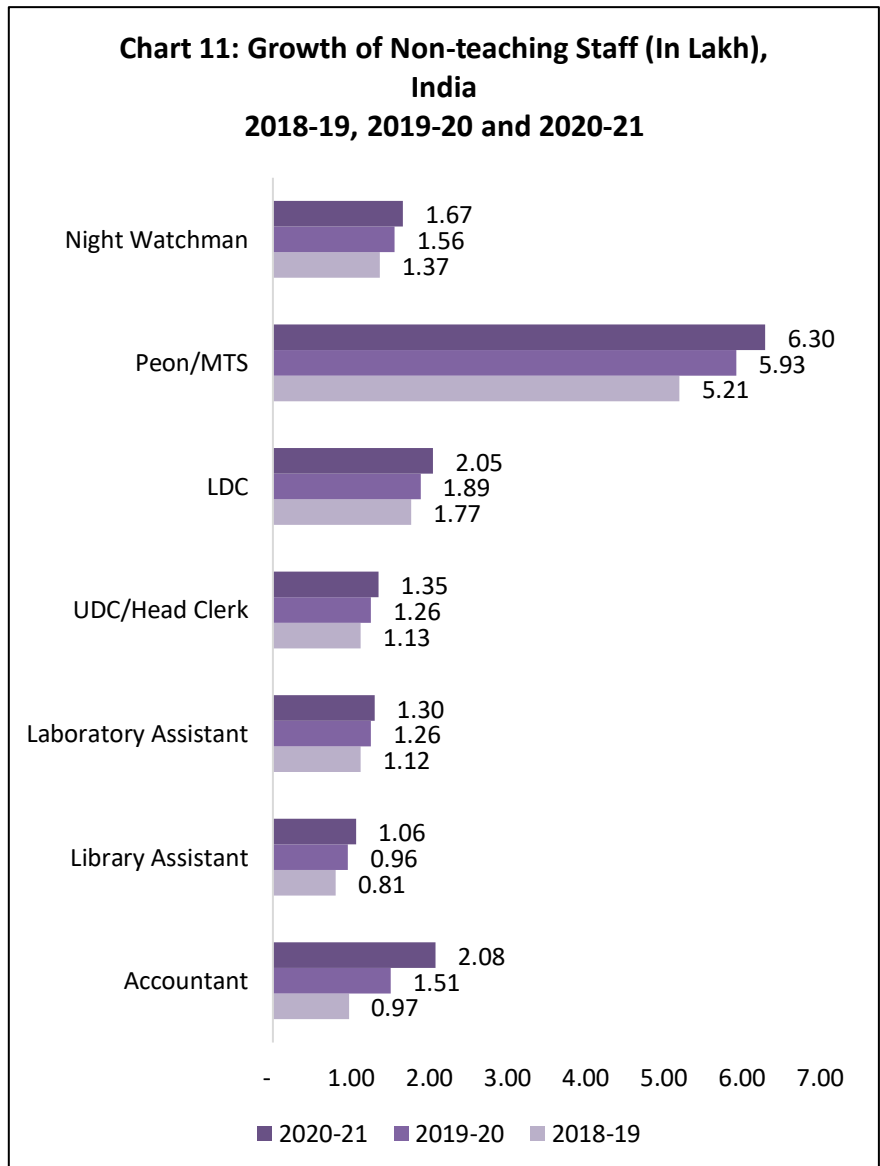

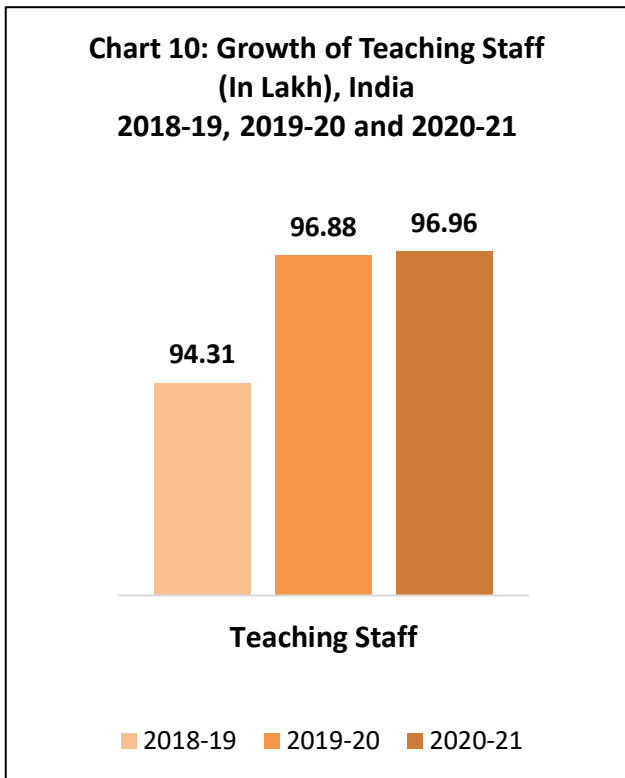

**Chart 9: Number of teachers (in lakh) by classes taught and gender, all India
2018-19, 2019-20 and 2020-21**

2.3. Growth of teaching and non-teaching staff

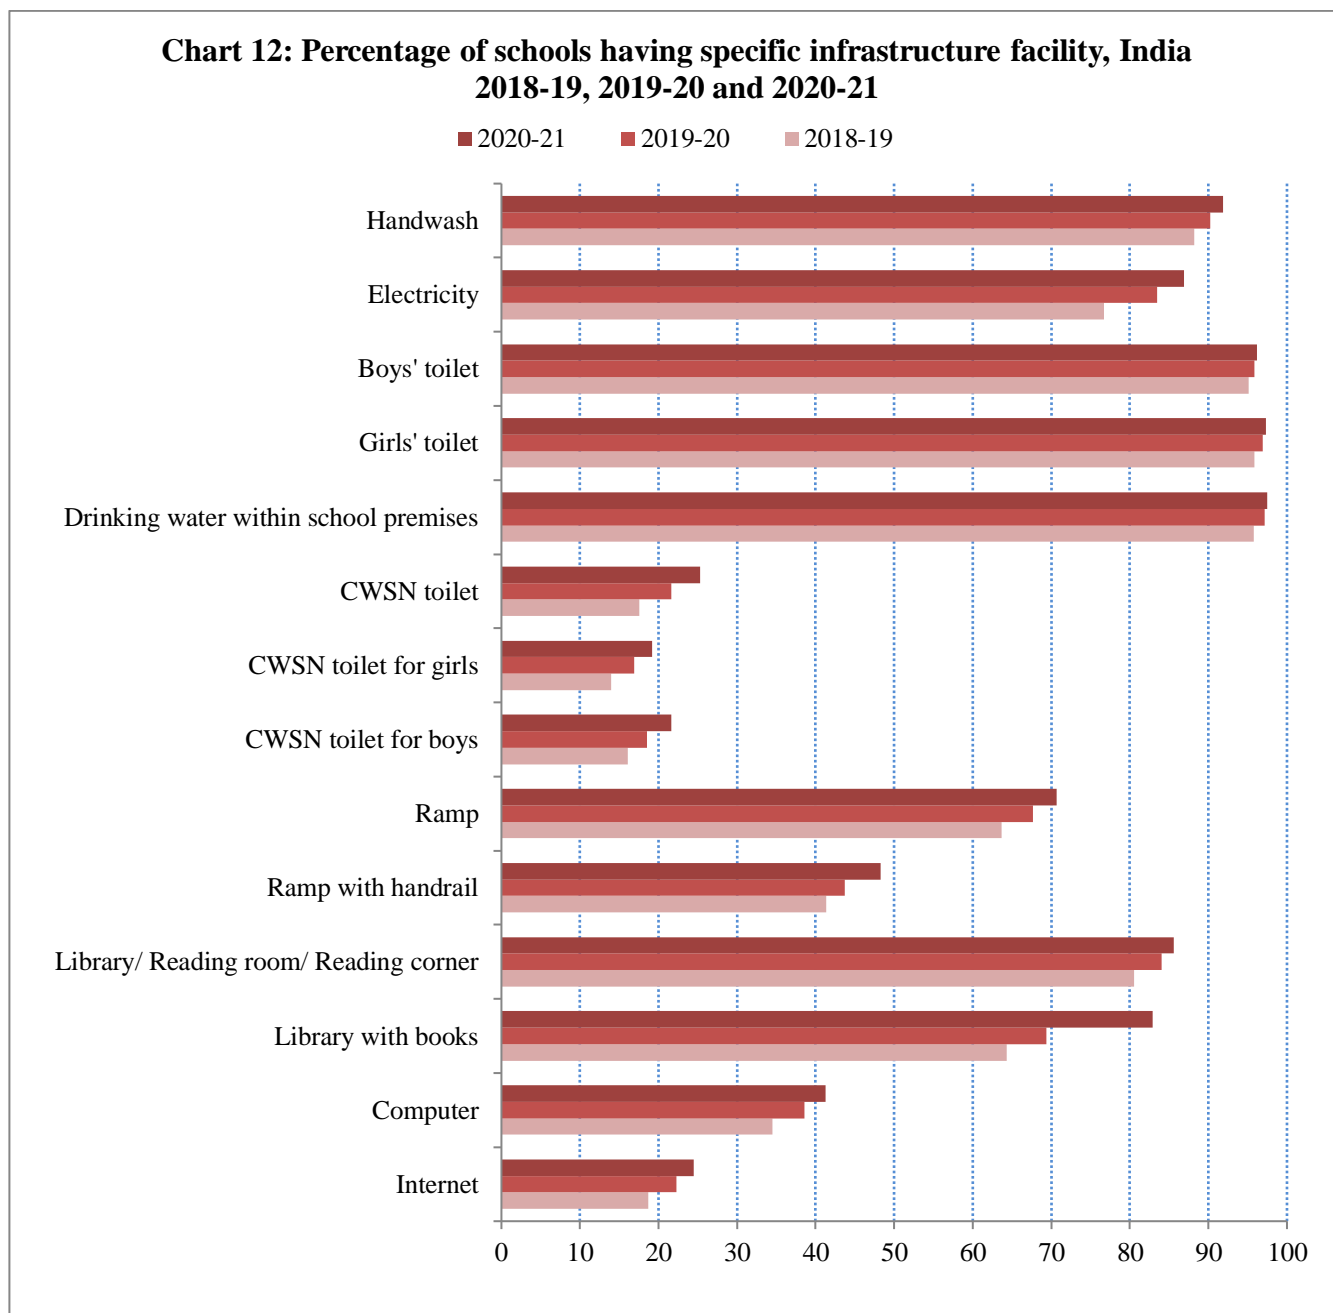

2.3.1. The number of teaching and non-teaching staffs has improved over the years. Chart 10 depicts number of teaching staff has increased to 96.9 lakh in the year 2020-21. This is an increase of 2.81% (2.65 lakh) since 2018-19.

2.3.2. The number of non-teaching staffs has also improved during 2018-19, 2019-20 and 2020-21. Total non-teaching staffs during 2020-21 stood at 15.8 lakh as compared to 12.37 lakh in 2018-19. Among, the non-teaching staffs, number of accountants, library assistants, laboratory assistants, head clerks, LDC/UDC staffs has grown from 5.79 lakh to 7.84 lakh adding 2.05 lakh from 2018-19 to 2020-21 as depicted in Chart 11.

2.4. School infrastructure

2.4.1. Chart 12 provides a comparison of a few major infrastructure facilities available in the schools in 2020-21 and 2019-20. It shows that all the major infrastructural facilities have improved in 2020-21 compared to the previous year.

2.4.2. Chart 12 shows that in general, availability of infrastructure has improved in 2020-21 compared to the previous year. Some of these are: availability of electricity connection (available in 86.9% schools in 2020-21, which was 83.4% in 2019-20), library with books (available in 82.9 % schools in 2020-21, it was 69.4% in 2019-20), computers (available in 41.3% schools in 2020-21, it was available in 38.5% schools in 2019-20), internet (available in 24.5% schools in 2020-21, it was available in 22.3% schools in 2019-20), ramp (available in 70.7% of schools in 2020-21, it was available in 67.6% schools in 2019-20) and CWSN friendly toilets for girls’(available in 19.2% of schools in 2020-21, it was available in 16.9% schools in 2019-20) and CWSN friendly toilets for boys’ (available in 21.6% of schools in 2020-21, it was available in 18.5% schools in 2019-20).

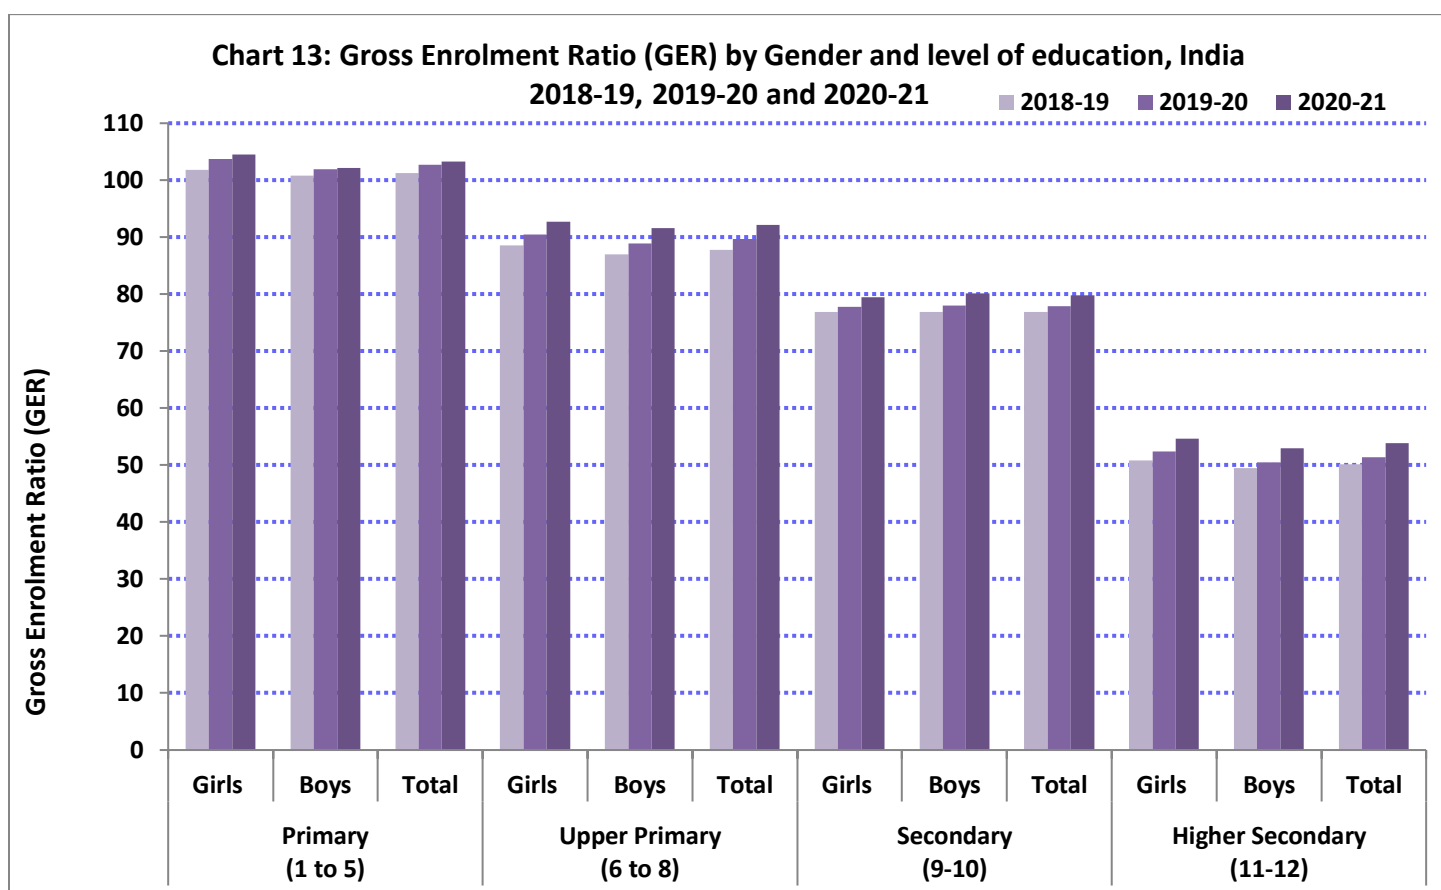

2.4.3. In UDISE/UDISE+, data collection on availability of different infrastructural facilities have been enhanced over time. Among the items for which data was collected in both 2018-19 and 2020-21, substantial improvements have been observed with respect to availability of the following infrastructure facilities:

- 2.4.3.1. Hand wash facility (2020-21: 91.9%, 2018-19: 88.2%),
- 2.4.3.2. Electricity (2020-21: 86.9%, 2018-19: 76.7%),
- 2.4.3.3. Boys’ toilet (2020-21: 96.2%, 2018-19: 95.1%),
- 2.4.3.4. Girls’ toilet (2020-21: 97.3%, 2018-19: 95.9%),
- 2.4.3.5. Library/ reading room/ reading corner (2020-21: 85.6%, 2018-19: 80.6%),
- 2.4.3.6. Computer (2020-21: 41.3%, 2018-19: 34.5%),
- 2.4.3.7. Internet (2020-21: 24.5%, 2018-19: 18.7%)

The data users can access the UDISE+ reports available in the web portal of the Ministry of education to access year-wise detailed tables on each of these facilities and more.

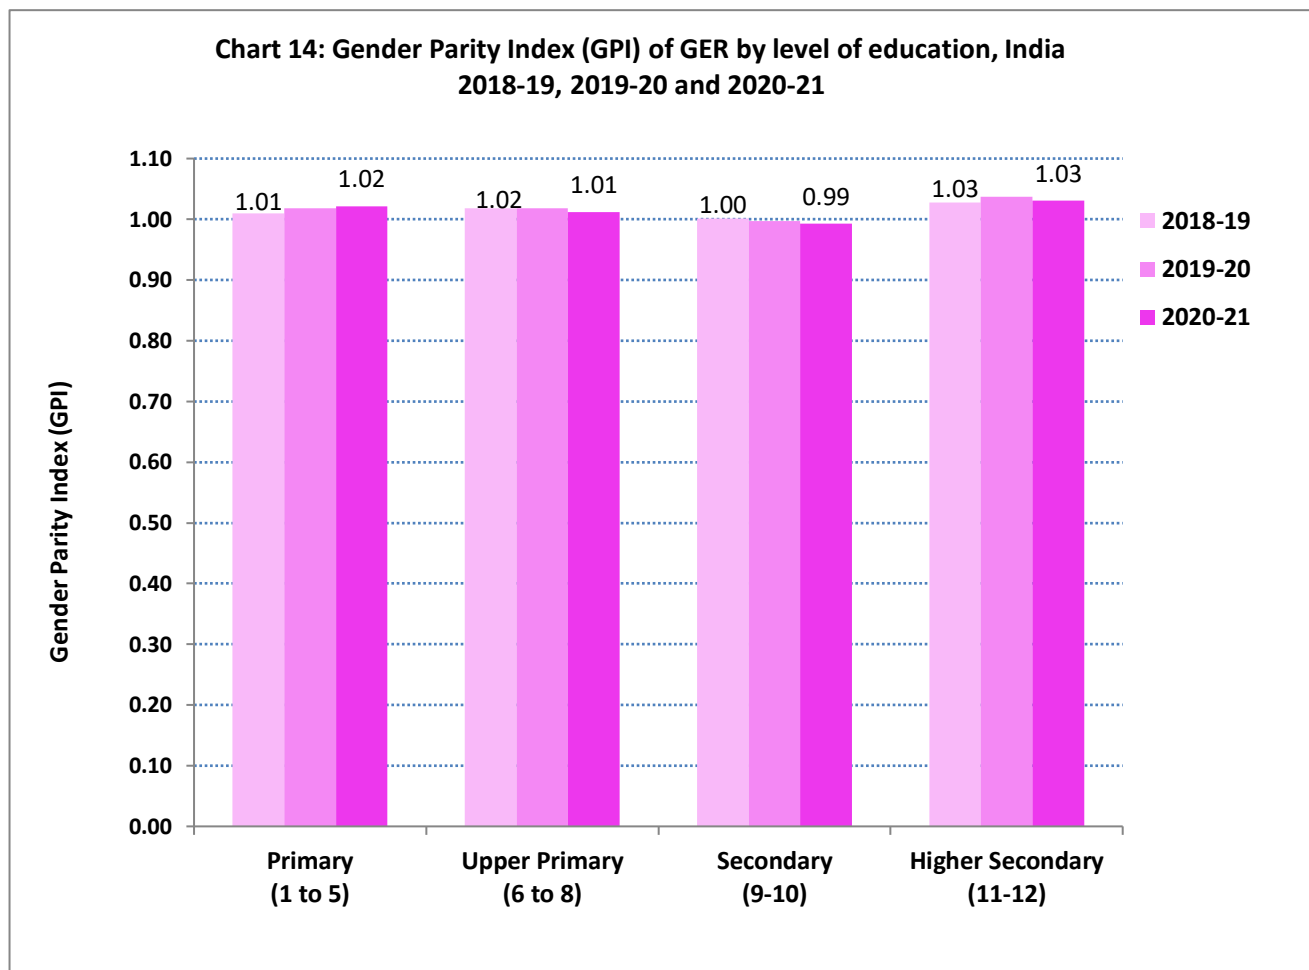

2.5. Gross Enrolment Ratio (GER), Gender Parity Index (GPI) and Pupil Teacher Ratio (PTR)

2.5.1. The Gross Enrolment Ratio (GER) compares the enrolment in a specific level of education to the population of the age-group which is most age-appropriate for that level of education. For example, the GER of primary is student enrolment in class 1 to 5 expressed as a percentage of population in age group 6-10 years. Similarly, GER of upper primary is enrolment in class 6-8 expressed as a percentage of population in age group 11-13 years, and so on. Since changes in GER are usually not much on a year-to-year basis, its movement in the long run is of interest. Chart 13 shows the progress of GER for different levels of education for boys and girls during 2018-19, 2019-20 and 2020-21. It may also be noted that GER greater than 100% might indicate presence of over or under age children in a particular level of education.

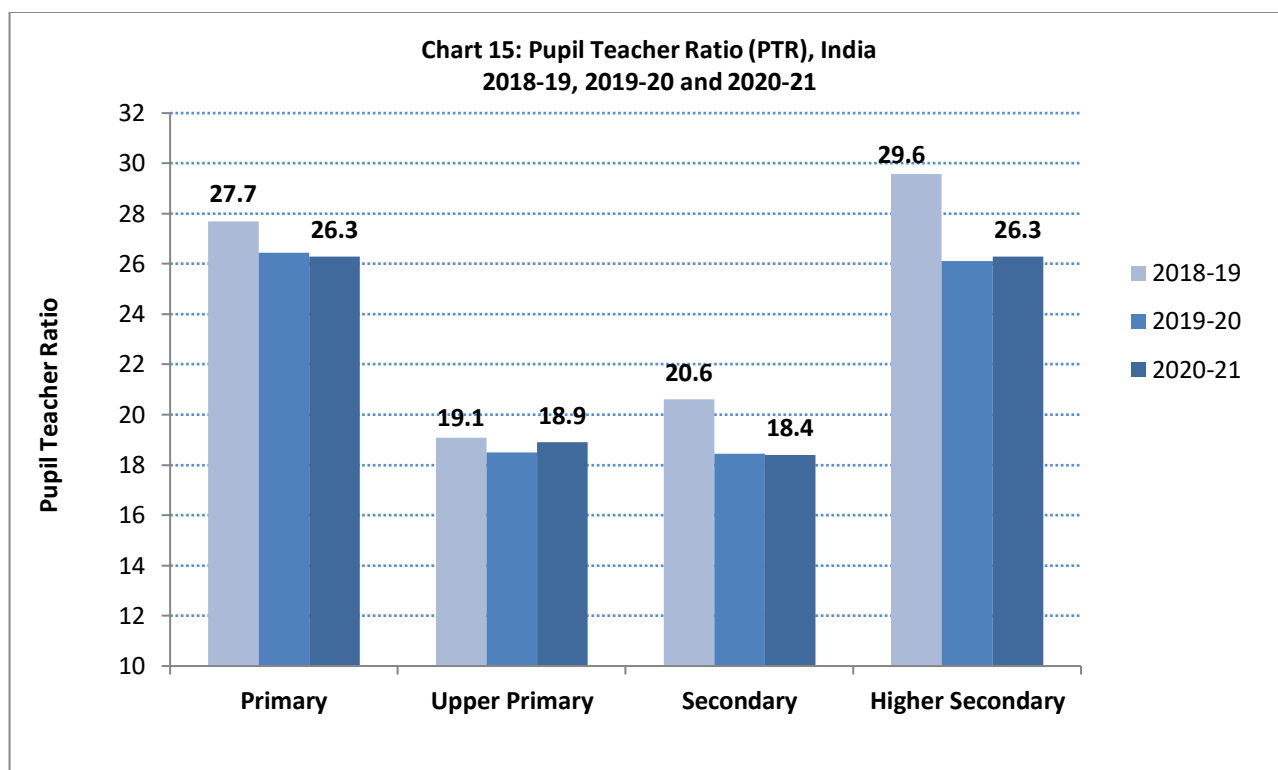

2.5.2. The GER of primary was 101.3% in 2018-19 which increased to 103.3% in 2020-21. The GER for upper primary in 2020-21 is 92.2%. It was 87.74% in 2018-19. The GER for secondary has reached 79.8% in 2020-21, which is an improvement of 2.9 percentage points from 2018-19 (GER secondary was 76.9% in 2018-19). GER at higher secondary level has also shown improvement as it reached 53.8% in 2020-21 from 50.14 in 2018-19.

2.5.3. The Gender Parity Index (GPI) of GER shows whether the representation of females in school education is in line with representation of girls in population of corresponding age group. GPI value 1 or more shows that the GPI is favorable to the girls, while GPI of less than 1 shows relative under representation of girls in that specific level of school education. Chart 14 shows the GPI of GER from 2018-19, 2019-20 and 2020-21 for the different levels of school education.

2.5.4. It is heartening to note that at present, the GPI is 1 or more at all levels of school education. While Chart 13 shows that the GPI at primary upper primary and higher secondary was more than 1 for all the years 2018-19, 2019-20 and 2020-21.

2.5.5. The Pupil Teacher Ratio (PTR) at different levels of education show availability of adequate number of teachers for teaching the children enrolled at different levels of education. Chart 15 below shows the PTR for different levels of education during 2018-19, 2019-20 and 2020-21. A reduction in the PTR indicates that number of students per teacher has reduced implying more focus of teacher on students resulting in improvement in quality of teaching.

2.5.6. The PTR at all levels of education has improved substantially during 2018-19, 2019-20 and 2020-21. PTR for primary has reached 26.3 in 2020-21, which was 28 in 2018-19. Maximum improvement can be observed in PTR of higher secondary which has improved to 26.3 in 2020-21 from 30 in 2018-19

2.5.7. The detailed tables at India and State/UT level are presented in the next part of this report. For information at a further level of details, the users are requested to visit the web portal <https://udisplus.gov.in/#/Publication> to access the UDISE+ Reports for years 2012-13 to 2020-21.

2.6. Impact of COVID - 19 Pandemic on enrolment

- 2.6.1 Although the impact of the COVID-19 pandemic is cross-cutting, this is particularly noticed in the enrolment of young and vulnerable kids like pre-primary, class 1 and Children With Special Needs (CWSN) may be attributed to postponement of admissions due to COVID-19.
- 2.6.2 In 2020-21 enrolment of students in school education from primary to higher secondary is around 25.4 Crore. This is higher by 28.3 lakh as compared to the enrolment of students in 2019-20. However, enrolment of students in pre-primary level and class 1 has reduced by 29.1 lakh and 18.8 lakh respectively in 2020-21 as compared to 2019-20. This may also be due to postponement of school admission of young children during pandemic.
- 2.6.3 Total enrolment of Children With Special Needs (CWSN) in 2020-21 stands at 21.69 lakh as compared to 22.49 lakh in 2019-20 showing a decrease of 3.55% during 2020-21 as compared to 2019-20.
- 2.6.4 More than 82% schools conducted medical check-up of students in 2019-20. This percentage has dropped drastically to 50% in 2020-21.

Detailed Tables - India and State/UT

Table 1.1: Number of schools by level of school education, 2020-21

India/ State/UT	Total	Primary	Upper Primary	Secondary	Higher Secondary
(1)	(2)	(3)	(4)	(5)	(6)

Concepts and Definitions used in UDISE+

Sl No.	Concept (Abbreviation used)	Definition (with codes as per UDISE+ DCF, wherever applicable)
1.	Types of schools	The following codes of school management have been considered:
	Government schools	Department of Education – 1, Tribal Welfare Department – 2, Local Body – 3, Other Govt. managed schools – 6, Social Welfare Department – 90, Ministry of labour – 90, Kendriya Vidyalaya/ central school – 92 Jawahar Navodaya Vidyalaya – 93 Sainik School – 94, Railway School – 95, Central Tibetan School - 96
	Government aided schools	Government Aided - 4
	Private unaided schools	Private Unaided recognized - 5
	Other schools	Unrecognized – 8 Madrasa (recognized by madrasa/ wakf board) – 97, Madrasa (unrecognized) - 98
2.	Gross Enrolment Ratio (GER)	Total enrolment in a particular level of school education, regardless of age, expressed as a percentage of the Population of the official age-group which corresponds to the given level of school education in a given school year. Example: GER primary = Enrolment in class 1 to 5 ÷ projected population in age group 6-10 years
3.	Net Enrolment Rate (NER)	Total number of pupils enrolled in a particular level of school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: NER primary = Children of age 6-10 years enrolled in class 1 to 5 ÷ projected population in age group 6-10 years
4.	Adjusted Net Enrolment Rate (ANER)	Total number of pupils enrolled either in the corresponding level or a higher level of the school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: ANER primary = Children of age 6-10 years enrolled in primary or higher ÷ projected population in age group 6-10 years ANER upper primary = Children of age 11-13 years enrolled in upper primary or higher ÷ projected population in age group 11-13 years For both NER and ANER, the following identity is maintained: NER <= ANER <= 100.
5.	Age Specific Enrolment Rate (ASER)	Total number of pupils enrolled in any level of school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: ASER 6-10 years = Children of age 6-10 years enrolled in primary or higher ÷

		<p>projected population in age group 6-10 years</p> <p>ASER 11-13 years = Children of age 11-13 years enrolled in primary/ upper primary/ secondary/ higher secondary ÷ projected population in age group 11-13 years</p> <p>...</p> <p>ASER 16-17 years = Children of age 16-17 years enrolled in primary/ upper primary/ secondary/ higher secondary ÷ projected population in age group 16-17 years</p>
6.	Percentage of OBC Enrolments to Total Enrolments	Total OBC enrolments expressed as a percentage of the total enrolments
7.	Percentage of all minority Enrolments to Total Enrolments	Total of all notified minority communities enrolments expressed as a percentage of the total enrolment
8.	Percentage of Muslim minority Enrolments to Total Enrolments	Total of Muslim minority community enrolment expressed as a percentage of the total enrolment
9.	Promotion Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are enrolled in the next grade in the following school year.
10.	Repetition Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are enrolled in the same grade in the following school year
11.	Dropout Rate	<p>Proportion of pupil from a cohort enrolled in a given level at a given school year who are no longer enrolled at any grade in the following school year.</p> <p>The following identity is maintained while preparing the estimates of promotion rate, repetition rate and dropout rate:</p> <p>Each of Promotion Rate, repetition Rate and Dropout Rate is non negative and</p> <p>Promotion Rate + Repetition Rate + Dropout Rate = 100</p>
12.	Retention Rate	Percentage of a cohort of pupils (or schools) enrolled in a first grade of a given level of education in a given school year who are expected to reach the last grade of the level.
13.	Gender Parity Index (GPI) of GER	Ratio of GER of girls to GER of boys. It measures the progress towards gender parity in education participation and/or learning opportunities available for girls in relation to those available to boys. It also represents the level of girls' empowerment in the society.
14.	Pupil Teacher Ratio (PTR)	Pupil-Teacher Ratio (PTR) is the average number of pupils (at a specific level of education) per teacher (teaching at that level of education) in a given school-year.
15.	AWC	Anganwadi Centres
16.	CBSE	Central Board of Secondary Education
17.	ICSE	Indian Certificate of Secondary Education

Data capture process of UDISE+ and online availability of UDISE+ data

Data capture process of UDISE+ and online availability of UDISE+ data

1. Overview

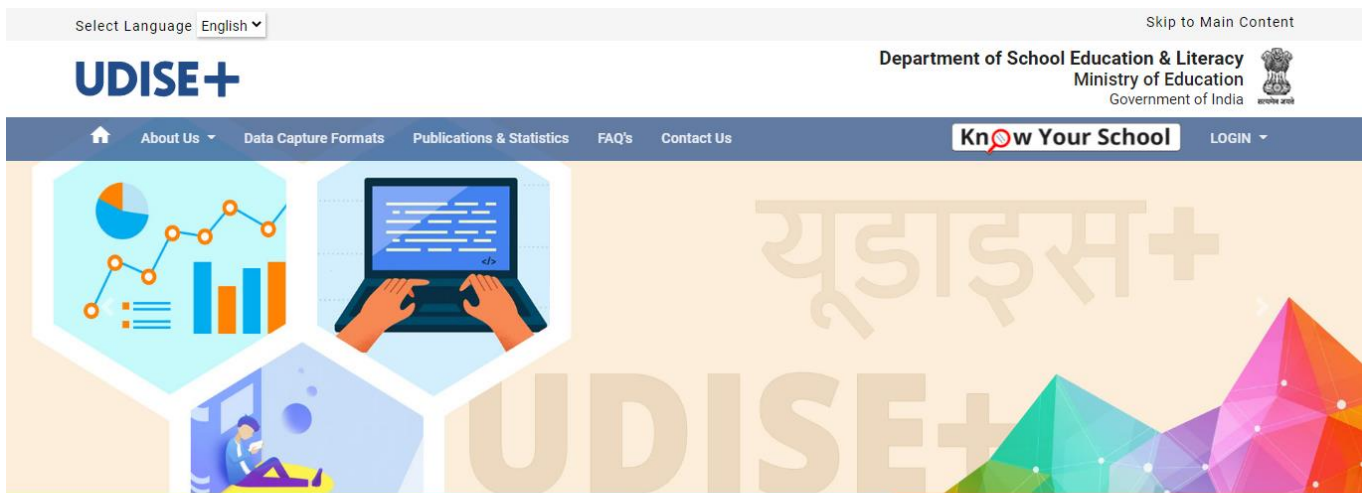

1.1 The UDISE+ Ecosystem Application is the main backbone of nationwide school related MIS. It consists of various ICT/Digital Application modules comprising of School Directory Management, Data Collection module and Data Dissemination module. The data dissemination module consists of two parts, namely, dissemination in the form of Charts, Reports and statistical tables at all-India, State/UT, district and block level summary results as well as module on sharing of anonymised raw data. The overall ecosystem aims to provide a robust digital infrastructure to facilitate MIS information and data from all pillars of school education namely Schools, Students and Teachers. The application deals with more than 5000 data capture fields from UDISE+ DCF. The National Informatics Centre (NIC) of the Ministry of Electronics and Information Technology (MeITY) has a dedicated team of officers to manage the entire facility on behalf of the Ministry of Education. This team is called the UDISE+ support team.

2. UDISE+ Ecosystem Application Modules

2.1 The different modules used for the UDISE+ data capture system are as under:

- i. School Directory Management (SDM): It is the core of UDISE+ Ecosystem and acts as a central repository of school directory with basic and fundamental details of a school.
- ii. School Data Capture: It's the module responsible of school data collection as per the UDISE+ DCF.
- iii. Know Your School: Know Your School helps to easily search any school online and made school key information available on the website along with School Report Card for various years.
- iv. School Education Dashboard: School Education dashboard aids to visually present the key performance indicators (KPI) and metrics of School Education. It presents and visualizes complex UDISE+ data in a simple and comprehensible format.
- v. Data Sharing Portal: Data Sharing Portal is framed to facilitate access to anonymised school-wise UDISE+ data as per the data sharing policy of UDISE+. This is expected to meet user requirements particularly with respect to undertaking analytics projects, research activities, academic studies, etc.
- vi. School GIS: This module helps to locate any school in map with various other features which help to make administrative decisions for planning purpose.

As of February 2022, there are Approx. 27,661 administrative users and 7.3 lakh school users for the UDISE+ data entry system. During the data entry phase, average daily hits including all UDISE+ Ecosystem Applications are approximately 95,000.

School Directory Management [↗](#)

The centralized School Management portal facilitates the following but not limited to, key functionalities as part of this module

- ✓ Creation of School in UDISE+ platform with UDISE code.
- ✓ Updating/managing various School Information viz. updating school status, basic school details, location etc.
- ✓ User management through adding or changing the user details at various levels like school, block and district.

[Login for School/User Management 2020-21](#)

3. Features and Advantages of UDISE+ system over earlier UDISE software:

UDISE+ is a much improved version compared to the offline U-DISE application. Some of the major features of UDISE+ Application are:

- i. A centralized module has been developed for generating UDISE codes for all States/UTs, so that there is no duplication of codes across States, with document level verification/monitoring from District, State and National Level.
- ii. Real time checking and rectification/ revision of school details, for example, change in school category, school management, name, classes taught, location, etc. along with uploading of relevant documents, so that the concerned State level officers can verify and confirm such changes in real time. It also helps in mapping of location parameters of a School according to Local Government Directory (LGD) of the Ministry of Panchayati Raj.
- iii. Data Capture of UDISE+ DCF through various User Friendly Application User Interfaces from School /CRC /Block level with School Data Certification. Some portion of data is captured in real time.
- iv. Monitoring of DCF Data Entry in terms of Entry Status and Data Quality and other issues with the help of various reports and data dump.
- v. Data certification from all level of users, starting from the principal/ teacher-in-charge of the school, followed by concerned State/UT officers at the cluster, block, district and State/UT level.

- vi. Various Modules for data consistency checks like data verification modules through User Interfaces, school wise reports in Excel, consolidated reports in Excel & PDF and SQL Data Dump at State and District level.
- vii. Know Your School Module with various features to locate a School by school name or by its code and get its basic and other details in the form of summary data, called the School Report Card.
- viii. Data Visualization Dashboard to visually present various key performance indicators (KPI) and metrics of School Education from UDISE+ data of several years.
- ix. Data Sharing Portal to access for anonymised school level UDISE+ Data in user friendly format along with data structure to meet a variety of requirements, particularly for research and other analytical purpose.

4. Some key advantages of new UDISE+ software over OLD UDISE Software

- i. Due to direct online data entry from schools, the UDISE+ data can be revised only at the school level. No centralized data correction is permitted.
- ii. The cloud based infrastructure with proper data recovery mechanism of NIC ensures that there is no data loss even if there is some interference during data entry. The earlier system witnessed data loss due to system crash, as it was standalone desktop application and the user had to redo data entry whenever there was no proper backup facility at local level.
- iii. Being an online application, UDISE+ has a number of entry level checks built-in the data entry module at all levels in real time. That helps to improve data quality and speed up data entry and its verification.
- iv. The online data entry module has a huge positive environmental impact in the form of significant reduction in cost of printing blank DCFs as well as reduction in data entry errors from manual forms to computer data entry. A conservative estimate of this reduction was done and it was found to be in the tune of 70% (approx 30 million pages) due to online data entry from schools.

5. Stakeholders, Users and Roles:

UDISE+ application consists of various users with different roles at various stakeholder Level. A brief overview is given below:

- i. National Level : National Admin Users, National View Users
- ii. State Level : State Project Director, State MIS, State Level View Users
- iii. District level : District Education Officer/ District Project Coordinator or equivalent, District MIS, District Level View Users
- iv. Block Level : Block Education Officer or Equivalent, Block MIS, Block Data Entry user
- v. Cluster Level : Cluster Resource Centre in charge/Cluster Level Entry user
- vi. School Level : School User (HM or Principal or UDISE+ in-charge)
